---

ANNUAL ANNOUNCEMENT

OF THE

FACULTY OF MEDICINE.

---

---

SESSION OF 1873-4

---

---

Montreal:

PRINTED FOR THE UNIVERSITY BY J. C. BECKET, ST. JAMES STREET.

1873.

# McGill University, Montreal.

The Forty-first Session of this University, being the Twenty-first under the amended charter, will commence in the Autumn of 1873.

By Virtue of the Royal Charter, granted in 1821 and amended in 1852, the Governors, Principal and Fellows of McGill College, constitute the Corporation of the University; and, under the statutes framed by the Board of Governors, with approval of the Visitor, have the power of granting degrees in all the Arts and Faculties, in McGill College, and in Colleges affiliated thereto.

The Statutes and Regulations of the University have been framed on the most liberal principles, with the view of affording to all classes of persons the greatest possible facilities for the attainment of mental culture and professional training. In its religious character the University is Protestant, but not denominational; and while all possible attention will be given to the character and conduct of students, no interference with their peculiar religious views will be sanctioned.

## I. MCGILL COLLEGE.

**THE FACULTY OF ARTS.**—The complete course of study for the Degree of B. A. extends over four Sessions, of eight months each; and includes Classics and Mathematics, Experimental Physics, English Literature, Logic, Mental and Moral Science, Natural Science, and one Modern Language, or Hebrew; all of which subjects are imperative in the first three years of the Course; but in the fourth year options are allowed in favour of the Honour Courses in Classics, Mathematics, Mental and Moral Science, Natural Science, and English Literature. Certain exemptions are also allowed to Professional Students.

**THE DEPARTMENT OF PRACTICAL AND APPLIED SCIENCE IN THE FACULTY OF ARTS** provides professional instruction in Civil Engineering, Mining Engineering and Assaying, and Practical Chemistry, leading to the Degree of Bachelor of Applied Science.

**THE FACULTY OF MEDICINE.**—The complete course of study in Medicine extends over four Sessions, of six months each, and leads to the degree of M. D., C. M.

**THE FACULTY OF LAW.**—The complete course in Law extends over three Sessions of six months each, and leads to the degrees of B. C. L. and D. C. L.

## II. AFFILIATED COLLEGES.

Students of these Colleges are matriculated in the University, and may pursue their course of study wholly in the affiliated College, or in part therein and in part in McGill College, and may come up to the University Examinations on the same terms with the Students of McGill College.

**MORRIN COLLEGE, Quebec.**—Is affiliated in so far as regards degrees in Arts and Law.

[Detailed information may be obtained from Rev. John Cook, D.D., Principal.]

**ST. FRANCIS COLLEGE, Richmond, P. Q.**—Is affiliated in so far as regards degrees in Arts.

[Detailed information may be obtained from C. W. Parkin, Esq., Principal.]

## III. AFFILIATED THEOLOGICAL COLLEGES.

**THE CONGREGATIONAL COLLEGE OF BRITISH NORTH AMERICA, Montreal.**

**THE PRESBYTERIAN COLLEGE OF MONTREAL,** in connection with the Canada Presbyterian Church.

Affiliated Theological Colleges have the right of obtaining for their Students the advantage, in whole or in part, of the course of study in Arts, with such facilities in regard to exemptions as may be agreed on.

## IV. AFFILIATED SCHOOLS.

**THE MCGILL NORMAL SCHOOL** provides the training requisite for Teachers of Elementary and Model Schools and Academies. Teachers trained in this School are entitled to Provincial diplomas.

**THE MODEL SCHOOLS OF THE MCGILL NORMAL SCHOOL** are Elementary Schools, divided into a Boy's Department, Girl's Department, and Primary School.

(The Calendar with details of the above courses may be obtained on application. This Abstract relates especially to the Faculty of Medicine.)

## GOVERNING BODY OF THE UNIVERSITY.

## VISITOR :—

His Excellency THE RIGHT HON. THE EARL OF DUFFERIN, VISCOUNT AND BARON CLANDEBOYE,  
Governor General of Canada, &c.

## GOVERNORS :—

(Being the Members of the Royal Institution for the Advancement of Learning.)

THE HON. CHARLES DEWEY DAY, LL.D., D.C.L. *President and Chancellor of the University.*

THE HON. JAS. FERRIER, Senator, M. L. C.

THOMAS BROWN ANDERSON, Esq.

ANDREW ROBERTSON, M.A., Q.C.

THE HON. CHRISTOPHER DUNKIN, M.A.

D.C.L.

WILLIAM MOLSON, Esq.

THE HON. ALEX. MORRIS, M.A., D.C.L.

SIR JOHN ROSE, BART. K.C.M.G., Q.C.

PETER REDPATH, Esq.

DAVID TORRANCE, Esq.

GEORGE MOFFATT, M.A.

JOHN H. R. MOLSON, Esq.

THE HON. FREDERICK W. TORRANCE

M.A., B.C.L.

CHARLES J. BRYDGES, Esq.

## PRINCIPAL :—

JOHN WILLIAM DAWSON, LL.D., F.R.S., F.G.S., *Vice-Chancellor.*

## FELLOWS :—

VEN. ARCHDEACON LEACH, D.C.L., LL.D., *Vice-Principal and Dean of the Faculty of Arts.*

HENRY ASPINWALL HOWE, LL.D.

THE HON. J. J. C. ABBOTT, D.C.L., Q.C., M.P., *Dean of the Faculty of Law.*

SIR WILLIAM E. LOGAN, LL.D., F.R.S., F.G.S.

GEORGE W. CAMPBELL, M.A., M.D., *Dean of the Faculty of Medicine.*

REV. JOHN COOK, D.D., *Principal of Morrin College, Quebec.*

ALEXANDER JOHNSON, LL.D., *Professor of Mathematics and Natural Philosophy, McGill University.*

REV. GEORGE CORNISH, LL.D., *Professor of Classical Literature, McGill University.*

P. R. LAFRENAYE, D.C.L., *Professor of Legal History, McGill University.*

HON. T. K. RAMSAY, M.A., *Professor of Civil Law, Morrin College.*

REV. HENRY WILKES, M.A., DD., LL.D., *Principal and Professor of Theology and Church History in the Congregational College of British North America,*

REV. D. H. McVICAR, LL.D., *Professor of Theology in the Presbyterian College of Montreal.*

R. A. RAMSAY, M.A., B.C.L., *Representative Fellow in Arts.*

JOHN REDDY, M.D., *Representative Fellow in Medicine.*

SAMUEL B. SCHMIDT, M.D., *Representative Fellow in Medicine.*

WILLIAM H. HICKS, Esq., *Principal of McGill Normal School.*

REV. JOHN JENKINS, D.D., *Chairman of the Protestant Board of School Commissioners for the City of Montreal.*

C. P. DAVIDSON, M.A., B.C.L., *Representative Fellow in Arts.*

J. J. McLAREN, B.C.L., *Representative Fellow in Law.*

EDWARD HOLTON, B.C.L., *Representative Fellow in Law.*

CHARLES W. PARKIN, Esq., *Principal of St. Francis College, Richmond.*

ROBERT P. HOWARD, M.D., *Professor of Theory and Practice of Medicine.*

[The Governors, Principal and Fellows, constitute, under the Charter, the Corporation of the University.]

## SECRETARY, REGISTRAR, AND BURSAR :—

[And Secretary of the Royal Institution.]

WILLIAM CRAIG BAYNES, B.A.

Office, Burnside Hall.

Office hours, 10 to 4.

Residence, 4 Cambridge Terrace McGill College Avenue.

## Faculty of Medicine.

---

GEORGE W. CAMPBELL, A.M., M.D.,

Professor of the Principles and Practice of Surgery, and Dean of the Faculty, 707 Sherbrooke Street.

WILLIAM E. SCOTT, M.D.,

Professor of Anatomy. 34 Beaver Hall Terrace.

WILLIAM WRIGHT, M.D.,

Professor of Materia Medica and Pharmacy. 34 Shuter Street.

ROBERT P. HOWARD, M.D.,

Professor of the Theory and Practice of Medicine. 9 Beaver Hall Hill.

DUNCAN C. McCALLUM, M.D.,

Professor of Midwifery, and the Diseases of Women and Children.  
41 Union Avenue.

J. W. DAWSON, LL.D., F.R.S., &c.,

Professor of Natural History. East Wing McGill College.

ROBERT CRAIK, M.D.,

Professor of Chemistry and Registrar of the Faculty. 2 Cathcart Street,  
facing Phillips Square.

G. E. FENWICK, M.D.,

Professor of Clinical Surgery and Medical Jurisprudence.  
24 Beaver Hall Terrace.

JOSEPH MORLEY DRAKE, M.D.,

Professor of Institutes of Medicine. 35 Beaver Hall Terrace.

G. P. GIRDWOOD, M.D.,

Professor of Practical Chemistry. 28 Beaver Hall Terrace.

GEORGE ROSS, M.A., M.D.,

Professor of Clinical Medicine. 19 Place d'Armes Hill.  
Corner Craig Street.

WILLIAM FULLER, M.D.,

Demonstrator of Anatomy and Curator of Museum. Point St. Charles.

T. G. RODDICK, M.D.,

Extra-Academical Lecturer on Hygiene and Public Health.  
Montreal General Hospital.

H. ASPINWALL HOWE, A.M., LL.D.,

Matriculation Examiner. 405 Sherbrooke Street.

Dean of the Faculty.—G. W. CAMPBELL, A. M., M. D.

Registrar.—R. CRAIK, M. D.

Demonstrator.—W. FULLER, M. D.,

Matriculation Examiner of the Faculty.—Professor H. ASPINWALL HOWE, LL. D.

The forty-first Session of the Medical Faculty of McGill University will be opened on Wednesday 1st October 1873, with a general Introductory Lecture at 11 a.m. The regular lectures will commence on Thursday the 2nd Oct., at the hours specified in the time table, and will be continued during the six months following.

It affords the Faculty much pleasure to be able to announce that the beautiful and commodious new building erected by the Governors of the University for the use of the Medical Faculty, has been completed and was occupied by the Faculty during the last Session.

The following extracts from Professor Wright's opening lecture, delivered in the new building at the commencement of last Session, will convey some idea of the magnitude and completeness of the edifice.

"The stately building wherein we are met, has been built by the Governors of the University out of the funds at their disposal at a cost of \$27,000, in addition to which sum the Dean and the Members of the Faculty of Medicine have contributed several thousand dollars to complete the internal fittings on a corresponding scale."

"The building is 80 feet front by 84 feet 8 inches deep, and 48 feet high to the top of the cornice, with a further elevation of 7 feet in the roof. The latter is a half mansard, broken by three pediments, and covered with slate. The walls are solidly built of cut stone."

"On the east side, facing University street, is the students' entrance, leading into the basement. The lobby lands into a passage which, like the

other halls, is 12 feet wide. On its left is a waiting-room, 30 feet by 32 feet 6 inches, furnished with chairs and tables. It is intended for resort during the intervals between lectures, where you may fill up your notes or otherwise profitably occupy yourselves. A strip is partitioned off and fitted to serve as a cloak room. On the right are the apartments of the care-taker, and on this floor are also spare rooms, closets, furnace and fuel cellar. The apartments having floors are based with concrete."

"On the south side is the main entrance, facing Sherbrooke street. Having ascended the flight of stairs in front and crossed the lobby, you first meet two apartments, one on either side, \* \* \* \* \* for a Library and Museum respectively. Behind these are the Chemical class-rooms, with the Professor's room; the former 30 feet by 46 feet, seated to hold 190 comfortably; and the Laboratory, 32 feet 6 inches by 32 feet, for the Practical Chemistry class. It is provided with furnace, balance room, and all other necessary requirements. This floor, 'the ground floor,' is also approached by a short stair running up from below."

"On 'the first floor,' or one above the last, is the General Class-room, on the right hand side of the landing. It is 33 feet wide by 43 feet 2 inches deep. It has 11 tiers of seats, arranged as in the other class-rooms, in trilateral shape, with desks and backs, regularly graded, and able to contain 208 persons. Into it two doors open, the uppermost one being exclusively for the convenience of students. Close by are two side rooms, one for the use of Professors, the other for the *Materia Medica* Cabinet. On the opposite side is another class-room, the Anatomical, 32 feet 10 inches by 43 feet, and seated for 180. It is supplied with seven tiers of seats, and is well lighted with front and side windows and glazed sky-light. Behind is the Dissecting Room, 56 feet 10 inches long, and 30 feet 2 inches broad, provided with sink, lift, as well as all other essential appointments, and having its floor covered with lead. At its end are two small rooms, one for the Professor, and the other, which opens into it, for the Demonstrator."

"The building will be warmed by hot water in circulation through coils and pipes of iron. Fittings are placed wherever gas may be needed. Means have been devised to ensure sufficient ventilation, and the acoustic adaptation of the Lecture rooms has also been regarded. In short, the whole is so designed that, when completed, the equal will not be found in any other medical school in the Dominion."

The class tickets for the various courses are accepted as qualifying candidates for examination before the Universities and Colleges of Great Britain and Ireland, the Medical Boards of the Army and Navy, and the College of Physicians and Surgeons of Ontario.

To meet the circumstances of General Practitioners in British North America where there is no division of the profession into Physicians and Surgeons exclusively, the degree awarded upon graduation is that of "Doctor of Medicine and Master of Surgery." This designation is also appropriate, as it agrees with the general nature and character of the previous curriculum demanded of the candidates for this double rank, as is fully specified hereafter. The degree is received by the College of Physicians and Surgeons of Lower Canada.

To intending students desirous of information upon the best manner of pursuing their studies, the following suggestions are made by the Faculty :—

Exclusively of general education, professional reading for some time previously to matriculation, is advised as a preparation, whereby familiarity with technical terms will be gained, and an insight obtained into the subjects to be brought under notice during lectures.

The student is advised to pass the Matriculation Examination in March, so that his four years of pupilage may expire at the close of a winter session. A certificate of having passed such examination before the examiners appointed by the College of Physicians and Surgeons of Ontario will be accepted by this University.

While the University regulations permit a student to graduate after three years' attendance upon lectures, provided he furnish proof that he has studied one year in addition with a private practitioner, yet he is recommended to devote four sessions to systematic instruction, as less time is scarcely sufficient for acquiring a fair knowledge of the many subjects which compose the curriculum.

Attention is recommended to be given during the First Session to the primary branches only; during the Second Session an increase is proper, and two of the final courses may be profitably conjoined with such of the primary as are required; while during the remaining period the curriculum is to be completed.

As daily bed-side instruction is essential to the student of medicine, the undergraduate is earnestly advised to spend at least the last two summers in availing himself of the opportunities afforded by the large hospitals—general and lying in—of our city, in which, moreover, dresserships should be obtained.

Enregistration is necessary every Session; it is required upon entrance, or as soon afterwards as possible, and always before any class-tickets are procured. The time fixed for closing the Register is annually on the fifteenth of November.

Class-tickets are payable in advance, and if not taken out during the current session, will not be granted after its expiration.

A Medical Session or *annus medicus*, consists of enregistration and attendance upon at least two six months' courses or one six months' and two three months' courses.

### COURSES OF LECTURES.

1. ANATOMY.—[Prof Scott.] The importance of Anatomy, both descriptive and in its relations to Medicine and Surgery, is duly considered by the Professor, who employs chiefly the fresh subject in the illustration of the lectures, aided, however, by dried preparations, wax models, plaster casts of dissections, plates, &c., the full size of life.

The Dissecting Room, which is open from 8 a. m. to 10 p. m.—is large, well ventilated and supplied with every convenience, such as gas, water, &c., &c. It is under the direct supervision of the Professor of Anatomy aided by the Demonstrator. The Demonstrator is constantly in attendance during certain hours every day, to direct and instruct students in Practical Anatomy, and the Professor also daily visits the Room to superintend and examine Students engaged in dissection. Abundance of fresh material for dissection will be provided.

2. CHEMISTRY.—[Prof. Craik]—Inorganic Chemistry is fully treated: and a large portion of the course is devoted to Organic Chemistry and its relations to Physiology. The branches of Physics bearing upon or connected with Chemistry also engage the attention of the class. For experimental illustration, abundant apparatus is possessed by the Professor, among which may be enumerated, a powerful Air Pump—Oxy-Hydrogen Microscope—Polariscope—extensive series of Crystal Models—Electrical and Galvanic apparatus, Steam engine, &c., &c.

3. MATERIA MEDICA.—[Prof. Wright]—This course is illustrated from a cabinet of Pharmacological objects; by plates of Medicinal Plants [Wagner, Roque, Stevenson and Churchill], by dried specimens; by carefully prepared Microscopical objects, &c., &c; Analytical experiments with the ordinary reagents are also shown; and diagrams with other illustrations are used.

4. INSTITUTES OF MEDICINE.—[Prof. Drake]—This course comprises Histology, Physiology, General Pathology and Therapeutics. The lectures are illustrated by apparatus, diagrams, plates, and Microscopic preparations of the various tissues, and by Pathological specimens from the Museum.

5. PRACTICE OF MEDICINE.—[Prof. Howard.]—The extensive series of plates contained in the Library, (Lebert, Cruveilhier, Carswell, Hope, Alibert, Willan, Bateman, &c.,) will be employed; also Morbid preparations and models of diseased parts.

6. SURGERY.—[Prof. Campbell.]—Divided into Principles and Practice, including Surgical Anatomy and Operative Surgery, exhibited on the subject. The various surgical instruments and apparatus exhibited, and their uses and applications explained and practically illustrated.

7. MIDWIFERY.—[Prof. McCallum.]—Including diseases of females and infants, illustrated by a series of drawings on a large scale, by humid preparations; by models in wax; by the use of the artificial Pelvis, and by cases in the wards of the Lying-in Hospital.

8. MEDICAL JURISPRUDENCE.—[Prof. Fenwick.]—Includes Toxicology. The modes of testing for poisons are exhibited, and post-mortem appearances illustrated by plates. Insanity, Public Hygiene and Medical Police also form part of the course.

9. CLINICAL SURGERY.—[Prof. Fenwick.]—The lectures in this course are in illustration of Surgical cases under observation in the Wards of the General Hospital. Bed-side instruction is followed up daily and all operations are performed in the presence of the class. The lectures are illustrated by cases under surgical treatment, by plates, surgical apparatus, morbid specimens, models and the use of the microscope.

10. CLINICAL MEDICINE.—[Prof. Ross.]—Taught by lectures and at the bed-side—Physical Diagnosis is taught practically, and each pupil required to take part in it. Examination of the urine, chemical and microscopical, explained and illustrated.

11. BOTANY AND ZOOLOGY.—[Prof. Dawson.]—The course in Botany is illustrated by specimens, diagrams, models, and the microscope, and special instruction will be given in microscopical examination of tissues. Students have access without any additional fee to the lectures in Zoology in the Faculty of Arts, and to the Natural History Museum of the University and the Museum of the Natural History Society of Montreal.

Prizes will be awarded at the end of each Session, to Students in Botany of the class of the previous Session, for the best *Named Collections* illustrative of the Flora of Canada. The collections, or duplicates of them to remain in the College Museum.

12. PRACTICAL CHEMISTRY.—[Prof. Girdwood.]—Thorough instruction is given in the different departments of Practical Chemistry in the splendid new Laboratory of the Faculty under the personal supervision of the Professor; and the course includes blowpipe manipulations, qualitative and quantitative analysis, toxicological investigation, &c., &c.

**SUMMER COURSE OF PRACTICAL CHEMISTRY.**—For the convenience of those students who pass the summer months in the city, a summer course of Practical Chemistry has been arranged, consisting of the same number of lectures and demonstrations, and being in every way equivalent to the usual winter course.

#### SUMMER COURSE OF CLINICAL INSTRUCTION.

In order that Medical Students may avail themselves of the unusual opportunities for the practical study of disease afforded by the Hospitals of this city, the special course of Clinical instruction during the Summer months will be continued, and all Hospital Students will be permitted to attend it without charge. In addition to the above, daily bed-side instruction will be given during the months of July, August and September in the wards of the General Hospital by the attending Physicians, Professors Wright and McCallum.

The above course of Clinical instruction does not form a necessary part of the curriculum, but has been established to allow the student facilities for acquiring practical knowledge of disease, when his time is not otherwise occupied in attendance upon lectures.

#### COURSE OF LECTURES UPON HYGIENE.

A course of twelve lectures upon Hygiene and Public Health will be delivered this summer by T. G. Roddick, M. D. They will commence during the first week in July, and as it is hoped that they may prove of much value to Medical Students all who may have the opportunity of attending are recommended to do so.

---

#### LIBRARY AND MUSEUM.

The Library contains upwards of 4,000 volumes, including the most useful books of reference, as well as the most elementary; the works of the older authors as well as the most recent. It is open to Students without charge, under necessary regulations for the care of the books. The Museum contains a large number of preparations, chiefly Pathological; also wax and papier-mache models.

---

#### HOSPITALS.

The Montreal General Hospital affords ample means for the instruction of Students in Clinical Medicine and Surgery. The daily number of beds occupied by patients averages from 130 to 140, and during epidemic visitations has reached a much higher number. In addition to the Hos-

pital proper, which is devoted to Medical and Surgical cases, there is a detached Hospital in which the several forms of Fever may be studied. The Governors are about erecting an hospital for children contiguous to the Reid Wing of the present building, so that the students will have an opportunity of becoming familiar with nearly all the diseases of suffering humanity, and with the peculiarities imparted to them by infancy, adolescence, maturity and declining age.

The large number of out-door patients that are treated in the Hospital, averaging from sixty to seventy daily—supply illustrations of most of the diseases of infants and children, of very many of the eye and skin, and of those chronic and ill-defined ailments, which, as they do not require admission to the wards of an hospital, would not otherwise come under the observation of the student, although, on account of their variety and frequency of great importance to the Physician.

The shipping contributes a great many examples of accidents and surgical cases.

The fee for six months' ticket is Eight Dollars; for perpetual Twenty Dollars.

The Operating Room [used also for a lecture room] is so constructed as to suit the convenience of the students in obtaining a good view of the operations.

An abstract of the Hospital report for last year is appended to this circular.

The University Lying-in Hospital is under the direction of the Professor of Midwifery. Students who have already attended one course of his lectures, are furnished with cases in rotation; and they are advised to attend this Institution as much as possible during the Summer, when as there are as many patients and not so many pupils as in winter, a larger proportion of cases falls to the share of each. Moreover, in this way more attention can be given to their duties during the winter. The fee for a six months' ticket is Five Dollars.

By the kindness of the authorities of the Grand Trunk and other Railways, arrangements have been made by which certified students of this University will be granted return tickets from Montreal to any part of their lines at greatly reduced rates; the said tickets to hold good from the close of one session to the beginning of the next. Return tickets will also be granted for the Christmas vacation.

## PAST SESSION.

The total number of Students in the past Session was 154, of whom there were from Ontario 85, from Quebec 53, Nova Scotia 3, New Brunswick 2, Prince Edward Island 1, United States 10.

The number of Students who passed their Primary Examination, which includes Anatomy, Chemistry, Materia Medica, Institutes of Medicine, and Botany or Zoology, was 35, alphabetically arranged as follows:

| <i>Name.</i>                | <i>Residence.</i>              |
|-----------------------------|--------------------------------|
| Bigelow, Horatio R.....     | Boston, Mass., U. S.           |
| Cameron, James C.....       | Montreal, Quebec.              |
| Chevalier, Napoleon E.....  | St. Gregoire le Grand, Quebec. |
| Cline, John D., B.A.....    | Cornwall, Ontario.             |
| Cutter, Frederick A.....    | Hopkinton, New York, U. S.     |
| Harvey, Wellman A.....      | Newbridge, Ontario.            |
| Henderson, Edward G.....    | Belleville, "                  |
| Hickey, Samuel A., B.A..... | Aultsville, "                  |
| Hockridge, Thomas G.....    | Bradford, "                    |
| Hume, William L.....        | Leeds, Quebec.                 |
| Jones, Charles R.....       | Hastings, Ontario.             |
| Jones, George Nelson.....   | St. Andrew's Quebec.           |
| MacDonald, Roderick A.....  | Cornwall, Ontario.             |
| McBain, John.....           | Williamstown, Ontario.         |
| McCormick, Andrew G.....    | Durham, Quebec.                |
| McDonnell, Alexander R..... | Loch Garry, Ontario.           |
| McMillan, Eneas J.....      | Edwardsburgh, Ontario.         |
| Mines, William W.....       | Montreal, Quebec.              |
| Molson, William A.....      | " "                            |
| Monk, George Henry.....     | " "                            |
| Moore, Charles S.....       | London, Ontario.               |
| Moore, Jehiel T.....        | Holbrook, "                    |
| Norton, Thomas.....         | Montreal, Quebec.              |

| Young, Robert C.....       | Barton, Ont.....              |   | .....Erysipelas.                 |

Three of the above named gentlemen, Messrs. Alguire, Ewing, and Jackson, have not yet completed their twenty-first year, and could not, on that account receive their Diplomas at the late Convocation. They have, however, passed all the examinations, and fulfilled all the other requirements, and only await their majority to receive the Degree.

## EXAMINATIONS IN BOTANY AND ZOOLOGY.

### BOTANY.

*Class I.*—J. B. Benson, (Prize); W. Smith, J. S. Gray, W. Crothers, P. R. Young, J. R. Nason, J. Livingstone, R. N. Powell, G. McRae. *Class II.*—C. M. Laney, A. McCormick, S. R. Falls, H. J. Metcalfe, L. Secord, J. M. Nelles, J. Dowling, A. J. Lindsay, S. Snider. *Class III.*—F. B. Rossard; C. N. Stevenson, C. Stroud, G. Colquhoun, H. L. Gilbert, H. Hunt, W. D. Ross, G. E. Bomberry, R. Levi, G. J. Robinson, M. Hanover, J. H. Alcorn, A. D. MacMillan.

## ZOOLOGY.

*Class I.*—E. Quinones, (Prize). *Class II.*—N. S. Brown, H. Siever.

## PRIZES.

The Medical Faculty Prizes are three in number,

1st. The Holmes Gold Medal, (founded by the Faculty in honour of their late Dean) awarded to the graduate who receives the highest aggregate number of marks for all the examinations, including Primary, Final, and Thesis.

2nd. A Prize in Books, for the best examination—written and oral—in the Final Branches. The Gold Medallist is not permitted to compete for this prize.

3rd. A Prize in Books, for the best examination—written and oral—in the Primary branches.

The Holmes Medal was awarded to Thomas Kelly, Durham, Ontario.

The Prize for the Final Examination was awarded to Duncan O. Alguire, Lunenburg, Ontario.

The Prize for the Primary Examination was awarded to John D. Cline, B. A., Cornwall, Ontario.

The following gentlemen, arranged in the order of merit, deserve honourable mention :

In the Final Examination : Messrs. Shepherd, Carmichael, Jones and Bell.

In the Primary Examination : Messrs. Woolway, Mines, Sinclair, Ritchie, Cameron, Phelan, Molson, Henderson and Hume.

## PROFESSOR'S PRIZES.

*Botany.*—T. B. Benson:

*Zoology.*—E. Quinones.

*Practical Chemistry.* William L. Ward.

*Practical Anatomy.*—Senior Class—H. C. Fuller:

“ —Junior “ —J: Livingston.

## EXTRACTS FROM THE REGULATIONS.

§ 1. *Courses of Lectures, Fees, &c.*

1st. Each Professor shall deliver at least five Lectures during the week, except in the classes of Clinical Medicine and Clinical Surgery, in which only two Lectures shall be required; and in that of Medical Jurisprudence, if extended through six months, in which case three Lectures a week will suffice.

2nd. Each Lecture shall be of one hour's duration.

3rd. Every Professor shall occasionally examine his class upon the subjects treated of in his preceding Lectures; and every such examination shall be considered a Lecture.

4th. A roll of the names of the Students attending each class shall be called from time to time.

5th. All tickets which have not a Certificate of attendance attached, shall be rejected when presented as testimonials previous to examination, unless the omission shall be satisfactorily accounted for.

6th. The Fee for each class shall be \$12, with the following exceptions; for that of Medical Jurisprudence, \$10; for those of Clinical Medicine and Clinical Surgery, \$6 each; for Botany and Zoology, \$5; Practical Anatomy \$5. The class-fees are payable in advance.

7th. Any Student, after having paid the Fees, and attended two courses of any class, shall be entitled to a perpetual ticket for that class.

8th. The courses of all the Classes, except those of Clinical Medicine, Clinical Surgery and Medical Jurisprudence, shall be of six months' duration; the classes of Clinical Medicine and of Clinical Surgery, of three months' duration; Medical Jurisprudence of three months, in which case Five Lectures a week shall be given; or of six months, in which case only three Lectures a week shall be required.

9th. The courses shall commence on the first week of October, and with the exception of a vacation at Christmas, shall continue to the end of March.

10th. The Matriculation Examination shall be that recommended by the Council for Medical Education and Registration of Great Britain. Examinations, in conformity therewith, will be held the first Saturday in October and the last Saturday in March of each year. Applications may be made to the Registrar of the Faculty till the evening of the previous day. The requirements of the standard for matriculation are:—"Compulsory—English Language, including grammar and composition; "Arithmetic, including vulgar and decimal fractions; Algebra, including simple equations; Geometry, first two books of Euclid; Latin translation and grammar; "and one of the following optional subjects:—Greek, French, German, Natural Philosophy, including mechanics, hydrostatics, and pneumatics.

Graduates in Arts of recognized Universities are not required to submit to the Matriculation Examination, and a certificate of having passed this examination before the College of Physicians and Surgeons of Ontario will be accepted by this University.

## § 2. *Qualifications and Studies of Students and Candidates for the Medical Degree.*

1. All Students desirous of attending the Medical Lectures, shall at the commencement of each Session, enrol their names and residences in the Register of the Medical Faculty, and procure from the Registrar a ticket of Enregistration for which each Student shall pay a fee of \$2; excepting in the Clinical Classes, in which enregistration for students of other Schools shall not be compulsory.

2. The said Register shall be closed on the 15th day of November, in each year, and no tickets obtained from any of the Professors shall be received without previous enregistration.

3. No one shall be admitted to the Degree of Doctor of Medicine and Master of Surgery, who shall not either:—1st, have attended Lectures for a period of at least four sessions in this University, or some other University, College, or School of Medicine, approved of by this University; or 2ndly, have studied Medicine during at least four years, and during that time have attended Lectures for a period of at least three Sessions, either in this University, or some other University, College, or School of Medicine, approved of by this University.

4. Candidates for the final Examination shall furnish Testimonials of attendance on the following branches of Medical Education, viz:—

|  |   |   |
|--|---|---|
| <i>Anatomy.</i>                                      | } | <i>Of which two Courses will be required, each of six months' duration.</i>   |
| <i>Chemistry.</i>                                    |   |   |
| <i>Materia Medica and Pharmacy.</i>                  |   |   |
| <i>Institutes of Medicine.</i>                       |   |   |
| <i>Principles and Practice of Surgery.</i>           |   |   |
| <i>Midwifery and Diseases of Women and Children.</i> |   |   |
| <i>Theory and Practice of Medicine.</i>              | } | <i>Of which two Courses will be required, each of three months' duration.</i> |
| <i>Practical Anatomy.</i>                            |   |   |
| <i>Clinical Medicine.</i>                            | } | <i>Of which one Course will be required, of three months' duration.</i>       |
| <i>Clinical Surgery.</i>                             |   |   |
| <i>Medical Jurisprudence.</i>                        | } | <i>Of which one Course will be required, of three months' duration.</i>       |
| <i>Botany and Zoology.</i>                           |   |   |
| <i>Practical Chemistry.</i>                          |   |   |

Provided, however that Testimonials equivalent to, though not precisely the same as those above stated may be presented and accepted.

5th. The Candidate must give proof by ticket of having attended during twelve months the practice of the Montreal General Hospital, or that of some other Hospital approved of by this University.

6th. He must also give proof by ticket of having attended for at least six months the practice of the University or other Lying-in Hospital approved of by this University, and of having attended at least six cases of accouchement.

7th. No one shall be permitted to become a Candidate for examination who shall not have attended at least One Session of this University, and during that Session one full course of all the branches included in its curriculum.

8th. Courses of less length than the above will only be received for the time over which they have extended.

9th. Every Candidate for the Degree must on or before the Fifteenth of February present to the Dean of the Medical Faculty testimonials of his qualifications, entitling him to an examination, and also a Thesis or Inaugural Dissertation; written by himself, on some subject connected with Medical or Surgical Science, in the Latin, English or French Language. He must at the same time deliver to the Dean of the Faculty the following Certificate:—

MONTREAL, — 18 —

I, the undersigned, being desirous of obtaining the Degree of Doctor of Medicine and Master of Surgery, do hereby declare that I have attained the age of twenty-one years, or (if the case be otherwise,) that I shall have attained the age of twenty-one years before the next graduation day, and that I am not (or, shall not be at that time) under articles as a pupil or apprentice to any Physician, Surgeon, or Apothecary.

[Signed,]

A. B.

10th. The trials to be undergone by the candidate shall be:—

(1) The private examination of his Thesis as evidence both of Medical and general acquirement, followed (if approved) by its public defence.

(2) A general examination on all the branches of Medical and Surgical Science, oral, and by written papers.

(3) The Clinical Professors shall conduct the examinations of members of their classes at the bed-side, submitting to them cases for diagnosis and treatment in the wards of the Hospital: they shall also in estimating the standing of members of their classes, and the number of marks to be awarded, take into account the regularity of their attendance and the diligence and care they evince in reporting cases.

These examinations will be divided into Primary and Final, the former comprehending Anatomy, Chemistry, Materia Medica, Institutes of Medicine, and Botany of Zoology; the latter—Practice of Medicine, Surgery, Midwifery, and Medical Jurisprudence. It will be optional with the student to present himself for the Primary Examination at the end of the Third Session, or the Third Year.

11th. The following Oath or affirmation, will be exacted from the Candidate before receiving his Degree.

## SPONSIO ACADEMICA.

In Facultate Medicinæ Universitatis McGill.

Ego, A——B——; Doctoratus in Arte Medica titulo jam donandus, Sancto coram Deo cordium scrutatore, spondeo, me in omnibus grati animi officiis, erga hanc Universitatem ad extremum vitæ halitum, perseveraturum, tum porro artem medicam, caute, caste et probe exercitaturum; et quoad in me est, omnia ad ægrotorum corporum salutem conducentia, cum fide procuraturum; quæ denique, inter medendum, visa vel audita silere conveniat, non sine gravi causa vulgaturum. Ita præsens mihi spondenti adsit Numen.

12th. The Fee for the Degree of Doctor of Medicine and Master of Surgery shall be twenty dollars, to be paid by the successful candidate immediately after examination together with a Registration Fee of one dollar.

13th. The money arising from the Fees of Graduation, as well as those of Enregistration, shall be applied to the enlargement of the Medical Library and Museum, and to defraying their expenses.

## BOOKS RECOMMENDED TO STUDENTS.

ANATOMY.—Gray, Wilson, Ellis, Dublin Dissector, Sharpey and Quain.

CHEMISTRY.—Fownes, Miller, Roscoe.

PRACTICAL CHEMISTRY.—Odling, Galloway, Frezenius.

MATERIA MEDICA.—Pereira's Manual by Farre, Bentley and Warrington.

INSTITUTES OF MEDICINE.—*Physiology*.—Kirke's Hand-book, Dalton, Carpenter, Flint, Huxley. *Pathology*.—Williams' Principles of Medicine. Jones & Sieveking.

SURGERY.—Holmes' Surgery, Miller's do, Erichsen's do, Druitt's do.

PRACTICE OF MEDICINE.—Aitken, Wood, Watson, Barlow, and Flint.

MEDICAL JURISPRUDENCE.—Orfila Medicine Legal, Taylor's Jurisprudence, Guy's Forensic Medicine.

MIDWIFERY.—Churchill, Ramsbotham, Cazeux.

---

N. B.—Boarding may be obtained at from twelve to sixteen Dollars per month.
