

ANNUAL ANNOUNCEMENT
OF THE
FACULTY OF MEDICINE
OF THE
McGILL University,
MONTRÉAL,
FOR THE THIRTY-NINTH SESSION,

1871-72.

MONTREAL:

PRINTED FOR THE UNIVERSITY BY J. C. BECKET, ST. JAMES STREET.

1871.

McGILL UNIVERSITY, MONTREAL.

The thirty-ninth Session of the University, being the nineteenth under its amended Charter, will commence in the Autumn of 1871. The classes in the Faculty of Arts will open on the 13th of September, those in the Medical Faculty on the 3rd of October, those in the Law Faculty, on the 3rd of October, and those of the McGill Normal School on the 1st of September.

The Courses of Study in the University, and the distinctions which it offers, may be summed up as follows:—

I. MCGILL COLLEGE.

THE FACULTY OF ARTS.—The Course for Students entering this Faculty for the Degree of B. A., consists of Classics, Mathematics, English Literature, Logic, Mental and Moral Science and Modern Languages, and extends over four Sessions of eight months; but students may enter, on examination, at the beginning of the Second Year, thus reducing the course to three years. Medical and Law Students are also entitled to exemptions enabling them to take the third and fourth Years in Arts with the First or Second in Medicine or Law. Students not desirous of proceeding to the Degree in Arts, may take *Partial Courses of Study* extending over one or more Sessions. Details on these subjects, and also with reference to *Honour Courses, Medals and Prizes, Sessional Fees, &c.*, will be found in the Annual Calendar.

THE FACULTY OF MEDICINE.—The complete course of Study in Medicine extends over four Sessions of six months each, and leads to the Degree of M.D., C. M.

THE FACULTY OF LAW.—The complete course in Law extends over three Sessions of six months each, and leads to the Degree of B. C. L.

II. AFFILIATED COLLEGES.

MORRIN COLLEGE, Quebec, and ST. FRANCIS COLLEGE, Richmond, are affiliated Colleges in Arts; The Congregational College of British North America, Montreal, and the Presbyterian College of Montreal, are Affiliated Theological Colleges.

III. AFFILIATED SCHOOLS.

THE MCGILL NORMAL SCHOOL provides the training requisite for Teachers of Elementary and Model Schools and Academies. Teachers trained in this School are entitled to Provincial Diplomas.

THE MODEL SCHOOLS OF THE MCGILL NORMAL SCHOOL are elementary Schools, divided into a Boys' Department, Girls' Department, and Primary Schools. Teachers in training in the Normal School are employed in these Schools, under the supervision of the Head Master and Mistress.

The Calendar, with details of all the above Courses, may be obtained on application to the Secretary. The present announcement relates specially to the Faculty of Medicine.

GOVERNING BODY OF THE UNIVERSITY.

VISITOR:-

His Excellency The Right Hon. Baron Lisgar, P.C., K.G.C.B., G.C.M.G., &c., &c.,
Governor General of Canada, &c.

GOVERNORS:-

(*Being the Members of the Royal Institution for the Advancement of Learning.*)

The Hon. CHARLES DEWEY DAY, LL.D., *President and Chancellor of the University.*

The Hon. JAS. FERRIER, Senator, M.L.C.
THOMAS BROWN ANDERSON, Esq.
ANDREW ROBERTSON, M.A., Q.C.
The Hon. CHRISTOPHER DUNRIN, M.A.,
D.C.L., M.P.
WILLIAM MOLSON, Esq.

The Hon. ALEX. MORRIS, M.A., D.C.L., M.P.
SIR JOHN ROWE, K.C., M.G., Q.C.
PETER REDPATH, Esq.
DAVID TOLRAINE, Esq.
GEORGE MOFFATT, M.A.
JOHN H. R. MOLSON, Esq.

PRINCIPAL:-

JOHN WILLIAM DAWSON, LL.D., F.R.S., F.G.S., *Vice-Chancellor.*

FELLOWS:-

VEN ARCHDEACON LEACH, D.C.L., LL.D., Vice-Principal and Dean of the Faculty of Arts.
HENRY ASPINWALL HOWE, LL.B.
The Hon. J. C. ABSHITT, D.C.L., Q.C., M.P., Dean of the Faculty of Law.
BROWN CHAMBERSLIN, M.A., D.C.L., M.P.
SIR WILLIAM E. LOEB, LL.D., F.R.S., F.G.S.
GEORGE W. CAMPBELL, M.A., M.D., Dean of the Faculty of Medicine.
JO. H. GRAHAM, M.A., LL.D. (Norwich, U.S.), Principal of St. Francis College, Richmond.
REV. JOHN COOK, D.D., Principal of Morris College, Quebec.
ALEXANDER JOHNSTON, LL.D., Professor of Mathematics and Natural Philosophy, McGill
University.
REV. GEORGE CORNISH, M.A., Professor of Classical Literature, McGill University.
P. R. LATREILLE, B.C.L., Professor of Civil Procedure and Jurisprudence, McGill University.
HON. T. R. RAMSEY, M.A., Professor of Civil Law, Morris College.
ROBERT H. LEACH, M.A., B.C.L.
REV. HENRY WHITBY, D.D., Professor of Homiletics and Pastoral Theology in the Congregational
College of British North America.
REV. D. H. McVIGIL, LL.D., Professor of Theology in the Presbyterian College of Montreal.
R. A. RAMSEY, M.A., B.C.L.
JOHN BEETZ, M.D.
SAMUEL D. SCHAWK, M.D.
W. E. SCOTT, M.D., Professor of Anatomy, McGill University.
WILLIAM R. ELICK, Esq., Principal of McGill Normal School.
NORMAN W. TRENBALME, M.A., B.C.L., Lecturer in Roman Law.
REV. JOHN SPENCE, D.D., Chairman of the Protestant Board of School Commissioners for the
City of Montreal.
(The Governor, Principal and Fellows, constitute, under the Charter, the Corporation of the
University.)

SECRETARY, REGISTRAR, AND BURSAR:-

(*Local Secretary of the Royal Institution*)

WILLIAM CRAVE BAXTER, B.A. Office, Burnside Hall. Office hours, 10 to 2.
President, Centre Building, McGill College.

Faculty of Medicine.

GEORGE W. CAMPBELL, A.M., M.D.,
Professor of the Principles and Practice of Surgery,
and Dean of the Faculty.
707 Sherbrooke Street.

WILLIAM FRASER, M.D.,
Professor of the Institutes of Medicine.
Corner of Genevieve and Dorchester Streets.

WILLIAM E. SCOTT,
Professor of Anatomy.
34 Beaver Hall Terrace.

WILLIAM WRIGHT, M.D.,
Professor of Materia Medica and Pharmacy.
385 Dorchester Street.

ROBERT P. HOWARD, M.D.,
Professor of the Theory and Practice of Medicine.
9 Beaver Hall Hill

DUNCAN C. McCALLUM,
Professor of Midwifery, and the Diseases of Women and Children.
520 Craig Street.

J. W. DAWSON, LL.D., F.R.S., &c.,
Professor of Natural History.
East Wing McGill College.

ROBERT CRAIK, M.D.,
Professor of Chemistry, and Registrar of the Faculty.
Corner of Craig Street and Place d'Armes Hill.

G. E. FENWICK, M.D.,
Professor of Clinical Surgery and Medical Jurisprudence.
24 Beaver Hall Terrace.

JOSEPH MORLEY DRAKE, M.D.,
Professor of Clinical Medicine
19 Beaver Hall Hill.

WILLIAM FULLER, M.D.
Demonstrator of Anatomy,
189 McGill Street.

G. P. GIRDWOOD, M.D.,
Lecturer in Practical Chemistry.
28 Beaver Hall Terrace.

GEORGE ROSS, M.A., M.D.
Curator of Medical Museum.
Montreal General Hospital.

H. ASPINWALL HOWE, A.M., LL.D.
Matriculation Examiner.
265 Sherbrooke Street.

Faculty of Medicine.

The Principal, (ex-officio.)

Professors,—CAMPBELL.

FRASER.

SCOTT.

WRIGHT.

HOWARD.

MCCALLUM.

CRAIK.

FENWICK.

DRAKE.

Dean of the Faculty,—G. W. CAMPBELL, A. M., M.D.

Registrar,—R. CRAIK, M. D.

Demonstrator,—DR. FULLER.

Lecturer on Practical Chemistry,—DR. GIRDWOOD.

Matriculation Examiner of the Faculty,—PROFESSOR H. ASPINWALL HOWE, A.M. LL.D.

The thirty-ninth Session of the Medical Faculty of McGill University will be opened on Tuesday 3rd October, 1871, with a general Introductory Lecture, at 11 A.M. The regular Lectures will commence on Wednesday the 4th Oct., at the hours specified in the time table, and will be continued during the six months following.

The Faculty have much pleasure in announcing that the Governors of the University have undertaken, at a large expense, the erection of a new and commodious building for the use of the Medical Department. The building is now in progress; and, while its appearance and surroundings will be pleasing to the eye, its position, size and internal arrangements will be such as to conduce to the health, comfort and progress both of Students and teachers.

The class-tickets for the various courses are accepted as qualifying candidates for examination before the Universities and Colleges of Great Britain and Ireland, the Medical Boards of the Army and Navy, and the College of Physicians and Surgeons of Ontario.

To meet the circumstances of General Practitioners in British North America, where there is no division of the profession into Physicians and Surgeons exclusively, the degree awarded upon graduation is that of "Doctor of Medicine and Master of Surgery." This designation is also appropriate, as it agrees with the general nature and character of the previous curriculum demanded of the candidates for this double rank, as is

fully specified hereafter. The degree is received by the College of Physicians and Surgeons of Lower Canada.

To intending students desirous of information upon the best manner of pursuing their studies, the following suggestions are made by the Faculty:—

Exclusively of general education, professional reading for some time previously to matriculation, is advised as a preparation, whereby familiarity with technical terms will be gained, and an insight obtained into the subjects to be brought under notice during lectures.

The student is advised to pass the Matriculation Examination in March, so that his four years of pupilage may expire at the close of a winter session. A certificate of having passed such examination before the examiners appointed by the College of Physicians and Surgeons of Ontario, will be accepted by this University.

While the University regulations permit a student to graduate after three years' attendance upon lectures, provided he furnish proof that he has studied one year in addition with a private practitioner, yet he is recommended to devote four sessions to systematic instruction, as less time is scarcely sufficient for acquiring a fair knowledge of the many subjects which compose the curriculum.

Attention is recommended to be given during the First Session to the primary branches only; during the Second Session an increase is proper, and two of the final courses may be profitably conjoined with such of the primary as are required; while during the remaining period the curriculum is to be completed. Clinical courses should not be taken out during the first Session.

As daily bed-side instruction is essential to the student of medicine, the undergraduate is earnestly advised to spend at least the last two summers in availing himself of the opportunities afforded by the large hospitals—general and lying in—of our city, in which, moreover, dresserships should be obtained.

Enregistration is necessary every Session; it is required upon entrance, or as soon afterwards as possible, and always before any class-tickets are procured. The time fixed for closing the Register is annually on the fifteenth of November.

Class-tickets are payable in advance, and if not taken out within the prescribed period of the current session, will not be granted after its expiration.

A Medical Session or *annus medicus*, consists of enregistration and attendance upon at least two six months courses or one six months and two three months courses.

The ample and varied means which are placed at the disposal of

the student by this University, together with the large hospitals in connection with it, are briefly referred to in the following pages.

COURSES OF LECTURES.

1. ANATOMY.—(Prof. Scott). The importance of Anatomy, both descriptive and in its relations to Medicine and Surgery, is duly considered by the Professor, who employs chiefly the fresh subject in the illustration of the lectures, aided, however, by dried preparations, wax models, plaster casts of dissections, plates &c., the full size of life.

The Dissecting Room, which is open from 8 a.m. to 10 p.m.—is large, well ventilated and supplied with every convenience, such as gas, water &c. &c. It is under the direct supervision of the Professor of Anatomy aided by the Demonstrator. The Demonstrator is constantly in attendance during certain hours every day, to direct and instruct students in Practical Anatomy, and the Professor also daily visits the Room to superintend and examine Students engaged in dissection. Abundance of fresh material for dissection will be provided.

2. CHEMISTRY.—[Prof. Craik]—Inorganic Chemistry is fully treated; and a large portion of the course is devoted to Organic Chemistry and its relations to Physiology. The branches of Physics bearing upon or connected with Chemistry also engage the attention of the class. For experimental illustration, abundant apparatus is possessed by the Professor, among which may be enumerated, a powerful Air Pump—Oxy-Hydrogen Microscope—Polariscope—extensive series of Crystal Models—Electrical and Galvanic apparatus, Steam engine, &c., &c.

3. MATERIA MEDICA.—[Prof. Wright]—This course is illustrated from a cabinet of Pharmacological objects; by plates of Medicinal Plants (Wagner, Roque, Stevenson and Churchill); by dried specimens; by carefully prepared Microscopical objects, &c., &c., Analytical experiments with the ordinary reagents are also shown; and diagrams with other illustrations, are used.

4. INSTITUTES OF MEDICINE—[Prof. Fraser]—This course comprises Histology, Physiology, General Pathology and Therapeutics. The lectures are illustrated by diagrams, plates, and Microscopic preparations of the various tissues, and by Pathological specimens from the Museum.

5. PRACTICE OF MEDICINE.—[Prof. Howard]—The extensive series of plates contained in the Library (Leibert, Cruveilhier, Carswell, Hops, Alibert, Willan, Bateman, &c., &c.) will be employed; also Morbid preparations and models of diseased parts.

6. SURGERY.—[Prof. Campbell]—Divided into Principles and Prae-

tice, including Surgical Anatomy and Operative Surgery, exhibited on the subject. The various surgical instruments and apparatus exhibited, and their uses and applications explained and practically illustrated.

7. MIDWIFERY.—[Prof. McCallum]—Including diseases of females and infants, illustrated by a series of drawings on a large scale, by humid preparations; by models in wax; by the use of the artificial Pelvis, and by cases in the wards of the Lying-in Hospital.

8. MEDICAL JURISPRUDENCE.—[Prof. Fenwick]—Includes Toxicology. The modes of testing for poisons are exhibited, and post-mortem appearances illustrated by plates. Insanity, Public Hygiene and Medical Police also form part of the course.

9. CLINICAL SURGERY.—[Prof. Fenwick]—The lectures in this course are in illustration of Surgical cases under observation in the Wards of the General Hospital. Bed-side instruction is followed up daily, and all operations are performed in the presence of the class. The lectures are illustrated by cases under surgical treatment, by plates, surgical apparatus, morbid specimens, models and the use of the microscope.

10. CLINICAL MEDICINE.—[Prof. Drake]—Taught by lectures and at the bed-side—Physical Diagnosis is taught practically, and each pupil required to take part in it. Examination of the urine, chemical and microscopic, explained and illustrated.

11. BOTANY AND ZOOLOGY.—[Prof. Dawson]—In addition to the above classes, Students are required to attend one course of Botany and Zoology, on which subjects separate Lectures are delivered to Medical Students. Medical Students will also have access to the Lectures in Zoology in the Faculty of Arts, and to the Natural History Museum of the University, and the Museum of the Natural History Society of Montreal. (For details see announcement of the Faculty of Arts.)

Prizes will be awarded at the end of each Session, to Students in Botany of the class of the previous Session, for the best *Named Collections* illustrative of the Flora of Canada. The collections, or duplicates of them to remain in the College Museum.

12. PRACTICAL CHEMISTRY.—[Dr. Girdwood.]—Thorough instruction is given in the different departments of Practical Chemistry, under the personal supervision of the Lecturer; and the course includes blow-pipe manipulations, qualitative and quantitative analysis; toxicological investigation, &c., &c.

SUMMER COURSE OF CLINICAL INSTRUCTION.

In order that Medical Students may avail themselves of the unusual opportunities for the practical study of disease afforded by the Hospitals of this city, the special course of Clinical instruction during the Summer

months begun last year will be continued, and all Matriculated Students will be permitted to attend it without charge. This course will commence on the 4th July, and terminate on the 23rd Sept., and will consist of a daily out-door clinic conducted on alternate days, during the first six weeks by Professors Howard and McCallum, and during the last six by Professors Fenwick and Drake. (Professors Howard and Fenwick—Mondays, Wednesdays and Fridays; Professors McCallum and Drake—Tuesday, Thursdays and Saturdays.) In addition to the above, daily bed-side instruction will be given during the same months, in the wards of the General Hospital by the attending Physicians, Professors Wright and Mc Callum.

The above course of Clinical instruction does not form a necessary part of the curriculum, but has been established to allow the student facilities for acquiring practical knowledge of disease, when his time is not otherwise occupied in attendance upon lectures.

COURSE OF LECTURES UPON HYGIENE.

A course of twelve lectures upon Hygiene and Public Health will be delivered this summer by George Ross, A.M., M.D. They will be begun during the first week in July, and as it is hoped that they may prove of much value to Medical Students all who may have the opportunity of attending are recommended to do so.

LIBRARY AND MUSEUM.

The Library contains upwards of 4,000 volumes, including the most useful books of reference, as well as the most elementary: the works of the older authors as well the most recent. It is open to the Students without charge, under necessary regulations for the care of the books. The Museum contains a large number of preparations, chiefly Pathological; also, wax and papier-maché models.

HOSPITALS.

The Montreal General Hospital affords ample means for the instruction of Students in Clinical Medicine and Surgery. The daily number of beds occupied by patients averages from 130 to 140, and during epidemic visitations has reached a much higher number. In addition to the Hospital proper, which is devoted to Medical and Surgical cases, there is a detached Hospital in which the several forms of Fever may be studied. The Governors are about erecting an hospital for children contiguous to

the Reid Wing of the present building, so that the students will have an opportunity of becoming familiar with nearly all the diseases of suffering humanity, and with the peculiarities imparted to them by infancy, adolescence, maturity and declining age.

The large number of out door patients that are treated in the Hospital, averaging from sixty to seventy daily—supply illustrations of most of the diseases of infants and children, of very many of the eye and skin, and of those chronic and ill-defined ailments which, as they do not require admission to the wards of an hospital, would not otherwise come under the observation of the student, although, on account of their variety and frequency, of great importance to the Physician.

The shipping contributes a great many examples of accidents and surgical cases.

The fee for a six months' ticket is Six Dollars; for perpetual, Sixteen Dollars.

The Operating Room [used also for a lecture room] is so constructed as to suit the convenience of the students in obtaining a good view of the operations.

An abstract of the Hospital report for last year is appended to this circular.

The University Lying in Hospital is under the direction of the Professor of Midwifery. Students who have already attended one course of his lectures, are furnished with cases in rotation; and they are advised to attend this Institution as much as possible during the Summer, when as there are as many patients and not so many pupils as in the winter, a larger proportion of cases falls to the share of each. Moreover, in this way more attention can be given to their duties during the winter. The fee for a Six months' ticket is Five Dollars.

PAST SESSION.

The total number of Students in the past Session was 150, (an increase of 16 over the preceding Session). Of these there were from the Province of Ontario 78; from the Province of Quebec 61; Nova Scotia 4; New Brunswick 1; Newfoundland 2; Prince Edward Island 2; United States 2.

The number of Students who passed their Primary Examination, which includes Anatomy, Chemistry, Materia Medica, Institutes of Medicine, and Botany or Zoology, was 26; alphabetically arranged as follows:—

Allan, Hamilton,	West Osgoode, O.
Blackader, Alex. D.,	Montreal, Q.
Browne, Arthur A.,	Kingsley, Q.
Christie, George H.,	Lachute, Q.
Copeland, William L.,	St. Catherines, O.
Cram, Daniel C.,	Almonte, O.
Farewell, Geo. M. G.,	Oshawa, O.
Gerouon, George W.,	St. Laurent, Q.
Hamilton, John R.,	Stratford, O.
Hebert, Zetique,	St. Constant, Q.
Hetherington, Harry,	Melbourne, Q.
Howard, Robert,	St. Johns, Q.
Jackson, Samuel N.,	Montreal, Q.
Kelly, Thomas,	Durham, O.
Mallory, Albert E.,	Colborne, O.
Marceau, Louis T.,	Napierville, O.
McLaren, Peter,	Lanark, O.
Monroe, James T.,	Roxburgh, O.
Morrison, John, B.A.,	Waddington, N. Y.
Nicol, William R.,	St. Mary's, Q.
Sharpe, William J.,	Simses, Q.
St. John, Leonard,	St. Catherines, O.
Stark, George A.,	Milton, O.
Stewart, Alexander,	Hampstead, O.
Wagner, A. Dixon,	Dickenson's Landing, O.
Waugh, Wm. E.,	London, O.

The number of Students who passed their Final Examination for the Degree of M.D., C.M. was 29. Of these, 16 are from Ontario; 9 from Quebec; 2 from Nova Scotia; 1 from New Brunswick, and 1 from Newfoundland.

Their names, residences, and subjects of their Theses, are as follows:—

NAMES.	RESIDENCES.	THESIS.
ALEXANDER, R. A.	Stoney Creek, O.	Urinary Calculi.
BEAUDRY, L. H.	St. Pie, Q.	Pathology of the Secretions.
BLACKADER, ALEX. D., B.A.	Montreal, Q.	Common Sensation.
BRISSETT, H. R.	Chambly, Q.	Diseases of the Heart.
CATTANACH, A. J.	Fergus, O.	Marbus Coxæ.
CLARKE, W., B.A.	Montreal, Q.	Acupressure.
D'AVIGNON, F. F.	St. Mathias, Q.	Strabismus.
DUNCAN, G. M.	Bathurst, N.B.	Chloral.
DUNCAN, JOHN,	Port Dover, O.	Calculus Vesicæ.
FAULKNER, G. W.	Belleville, O.	Dysentery.
FREEMAN, C. M.	Milton, N. S.	Diabetes Mellitus.
GARDNER, M.	Hespeler, O.	Typhoid Fever.
HAMILTON, J. R.	Stratford, O.	Talipes Varus.
HUNT, L. G.	Halifax, N. S.	Tubercular Meningitis.
JOHNSTON, T. G.	Sarnia, O.	Diabetes Mellitus.
LOCKE, C. F. A.	Barrie, O.	Atonic Dyspepsia.
MC CONKEY, T. C.	Barrie, O.	Erysipelas.
MAJOR, G. W., B.A.	Montreal, Q.	Enterorrhœæ Infantum.
MARSHON, ALONZO W.	Hull, Q.	Circulation of the Blood.
MATHIESON, J. H.	Embroke, O.	Surgical Cases.
MITCHELL, F. H.	London, O.	Scarlatina.
RATTRAY, C. J.	Cornwall, O.	Veneral Diseases.
REED, T. D.	Montreal, Q.	Pneumonia.
REID, J. A.	St. John's, N. F.	Vivisection.
ROSS, W. G.	London, O.	Typhoid Fever.
STEVENSON, R. A.	Cayuga, O.	Post Partum Hemorrhage.
WARREN, F.	Whitby, O.	Debility.
WEBB, J. T. S.	Montreal, Q.	Neuralgia.
WRIGHT, H. P.	Ottawa, O.	Intermittent Fever.

Of the above named gentlemen, four have not yet completed their twenty-first year, and cannot therefore receive their diplomas at the present convocation. Their names are Messrs. Locke, McConkey, Warren, and Wright. They have, however, passed all the examinations, and fulfilled all the other requirements, and only await their majority to receive the degree.

PRIZES.

The MEDICAL FACULTY PRIZES are three in number.

1st. THE HOLMES GOLD MEDAL, (founded by the Faculty in honour of their late Dean) awarded to the graduate who receives the highest aggregate number of marks for all the examinations including primary, final and thesis.

2. A PRIZE IN BOOKS, for the best examination—written and oral, in the FINAL branches. The Gold Medallist is not permitted to compete for this prize.

3. A PRIZE IN BOOKS, for the best examination—written and oral—in the PRIMARY branches.

THE HOLMES MEDAL, was awarded to John H. Mathieson, Embro. O.

The PRIZE for the FINAL examination was awarded to H. P. Wright, Ottawa, O.
The PRIZE for the PRIMARY examination was awarded to Thomas Kelly, Durham, O.

The following gentlemen in the order of merit deserve honorable mention. In the final Examination, Messrs. R. A. Stevenson, T. G. Johnston, W. Clarke, B. A., A. J. Cattanach, C. F. A. Locke, and W. G. Ross.

In the primary examination Messrs. H. Allan, L. T. Marceau, G. A. Stark, A. A. Browne, B. A., and W. L. Copeland.

PROFESSORS' AND LECTURERS' PRIZES.

BOTANY.—1st Prize; Joseph Williams,

2. B. Wales,

Prize for Collection of Plants, J. B. McConnell,

ZOOLOGY.—Prize; M. D. Stark,

PRACTICAL ANATOMY.—Senior Class.—Prize, J. Hils, Honorable mention, Messrs. Alguire, Kitson, Carmichael, and Ward.

Junior Class.—Prize, Comeau and Ellison equal. Honorable mention, Messrs. Chevalier, Young, Rattray and Nelson,

Practical Chemistry.—Prize, F. J. Shepperd.

Students who have passed the Examinations in Botany and Zoology.

BOTANY.

(Class 1.)—Joseph Williams, (prize), B. Wales, (2nd prize); T. P. Heckridge, W. A. Molson, E. Archibald, R. W. Harburt, J. McLeod, G. N. Jones, A. McSwain, A. M. Speer, A. Rogers. (Class 2.)—R. W. Bell, S. R. Ellison, R. McDonald, D. McCormick, J. Comeau, R. F. Godfray, J. W. Whitesford, C. S. Moore, M. Ward, J. McDiarmid, C. Morrow, J. Y. Farley, R. C. Young, H. R. Perry. (Class 3.)—C. J. Rattray, G. Mc. G. Farewell, A. McMillan, N. B. Oberlair, W. O. Preiser, H. Wigle, C. S. Burland, H. Brown, G. Crawford, R. Roddick, W. W. Mincey, J. Rey, J. McLain.

ZOOLOGY.

(Class 1.)—Mark D. Stark, (Prize). J. Williams, T. G. Cameron, W. Bryden,

(Class 2.)—C. J. Woolway, W. L. Rema, Isaac W. Wallace, O. Bruneau.

EXTRACTS FROM THE REGULATIONS.

§ 1. Courses of Lectures, Fees, &c.

1st. Each Professor shall deliver at least five Lectures during the week except in the classes of Clinical Medicine and Clinical Surgery, in which only two Lectures shall be required; and in that of Medical Jurisprudence, if extended through six months, in which case three Lectures a week will suffice.

2nd. Each Lecture shall be of one hour's duration.

3rd. Every Professor shall occasionally examine his class upon the subjects treated of in his preceding lectures; and every such examination shall be considered a Lecture.

4th. A roll of the names of the Students attending each class shall be called from time to time.

5th. All tickets which have not a Certificate of attendance attached, shall be rejected when presented as testimonials previous to examination, unless the omission shall be satisfactorily accounted for.

6th. The Fee for each class shall be \$12, with the following exceptions; for that of Medical Jurisprudence, \$10; for those of Clinical Medicine and Clinical Surgery, \$6 each; for Botany and Zoology, \$5; Practical Anatomy \$5. The class-fees are payable in advance.

7th. Any Student, after having paid the Fees, and attended two courses of any class, shall be entitled to a perpetual ticket for that class.

8th. The courses of all the Classes, except those of Clinical Medicine, Clinical Surgery and Medical Jurisprudence, shall be of six months' duration; the classes of Clinical Medicine and of Clinical Surgery, of three months' duration; and Medical Jurisprudence, three months, in which case Five Lectures a week shall be given; or of six months, in which case only three Lectures a week shall be required.

9th. The courses shall commence on the first Tuesday in October, and with the exception of a vacation at Christmas, shall continue to the end of March.

10th. The Matriculation Examination shall be that recommended by the Council for Medical Education and Registration of Great Britain. Examinations, in conformity therewith, will be held the first Saturday in October and the last Saturday in March of each year. Applications may be made to the Registrar of Faculty till the evening of the previous day. The requirements of the standard for matriculation are:—“Compulsory—English Language, including grammar and composition; “Arithmetic, including vulgar and decimal fractions; Algebra, including simple equations; Geometry, first two books of Euclid; Latin translation and grammar: and one “of the following optional subjects;—Greek, French, German, Natural Philosophy, “including mechanics, hydostatics, and pneumatics.”

Graduates in Arts of recognized Universities are not required to submit to the Matriculation Examination, and a certificate of having passed this examination before the College of Physicians and Surgeons of Ontario will be accepted by this University.

§ 2. Qualifications and Studies of Students and Candidates for the Medical Degree.

1. All Students desirous of attending the Medical Lectures, shall at the commencement of each Session, enrol their names and residences in the Register of the Medical Faculty, and procure from the Registrar a ticket of Enrolment for which each Student shall pay a fee of \$2.

2. The said Register shall be closed on the 15th day of November, in each year, and no tickets obtained from any of the Professors shall be received without previous enrolment.

3. No one shall be admitted to the Degree of Doctor of Medicine and Master of Surgery, who shall not either:—1st, have attended Lectures for a period of at least four sessions in this University, or some other University, College, or School of Medicine, approved of by this University; or 2ndly, have studied Medicine during at least four years and during that time have attended Lectures for a period of at least three Sessions, either in this University, or some other University, College, or School of Medicine, approved of by this University.

4. Candidates for the final Examination shall furnish Testimonials of attendance on the following branches of Medical Education, viz:—

Anatomy,

Chemistry,

Materia Medica and Pharmacy,

Institutes of Medicine,

Principles and Practice of Surgery,

Midwifery and Diseases of Women and Children,

Theory and Practice of Medicine,

Practical Anatomy,

Clinical Medicine,

Clinical Surgery,

Of which two Courses will be required, each of six months' duration.

Of which two Courses will be required, each of three months duration.

*Medical Jurisprudence,
Botany and Zoology,
Practical Chemistry,*

} *Of which one Course will be required, of three months' duration.*

Provided, however that Testimonials equivalent to, though not precisely the same as those above stated may be presented and accepted.

5th. The Candidate must give proof by ticket of having attended during twelve months the practice of the Montreal General Hospital, or that of some other Hospital approved of by the University.

6th. He must also give proof by ticket of having attended for at least six months the practice of the University or other Lying-in Hospital approved of by this University, and of having attended at least six cases of accouchement.

7th. No one shall be permitted to become a Candidate for examination who shall not have attended at least One Session of this University, and during that Session one full Course of all the branches included in its curriculum.

8th. Courses of less length than the above will only be received for the time over which they have extended.

9th. Every Candidate for the Degree must on or before the Fifteenth of February present to the Dean of the Medical Faculty testimonials of his qualifications, entitling him to an examination, and also a Thesis or Inaugural Dissertation, written by himself, on some subject connected with Medical or Surgical Science, in the Latin, English, or French Language. He must at the same time deliver to the Dean of the Faculty the following Certificate:—

MONTRÉAL, ——18—

I the undersigned, being desirous of obtaining the Degree of Doctor of Medicine and Master of Surgery, do hereby declare that I have attained the age of twenty-one years, or (if the case be otherwise,) that I shall have attained the age of twenty-one years before the next graduation day, and that I am not (or, shall not be at that time) under articles as a pupil or apprentice to any Physician, Surgeon, or Apothecary.

[Signed.] A.B.

10th. The trials to be undergone by the candidate shall be:—

[1] The private examination of his Thesis as evidence both of Medical and general requirement, followed [if approved] by its public defence.

[2] A general examination on all the branches of Medical and Surgical Science, oral, and by written papers.

[3] The Clinical Professors shall conduct the examinations of members of their classes at the bedside, submitting to them cases for diagnosis and treatment in the wards of the Hospital; they shall also in estimating the standing of members of their classes, and the number of marks to be awarded, take into account the regularity of their attendance and the diligence and care they evince in reporting cases.

These examinations will be divided into Primary and Final, the former comprehending Anatomy, Chemistry, Materia Medica, Institutes of Medicine, and Botany or Zoology; the latter Practice of Medicine, Surgery, Midwifery, and Medical Jurisprudence. It will be optional with the student to present himself for the Primary Examination at the end of the Third Session, or the Third Year.

11. The following Oath or affirmation, will be exacted from the Candidate before receiving his Degree.

SPONSIO ACADEMICA.

In Facultate Medicinae Universitatis McGill.

Ego, A——B——; Doctoratus in Arte Medica titulo jam donandus, Sancto eorum Deo cordium scrutatore, spondere, me in omnibus grati animi officiis, erga hanc Universitatem ad extreum vitæ huius, perseveraturum, tam porro artem medicam,

cauto, caste et probe exercitaturum; et quondam in me est, omnia ad segrotorum corporum salutem conduceantia, cum fide procuraturum; quemadmodum, intermedicandam, visa vel auditia silere conveniat, non sine gravi causa vulgaturum. Ita præsens mihi spoudenti adsit Numen.

12. The Fee for the Degree of Doctor of Medicine and Master of Surgery shall be twenty dollars, to be paid by the successful candidate immediately after examination, together with a Registration Fee of one dollar.

13. The money arising from the Fees of Graduation, as well as those of Enregistration, shall be applied to the enlargement of the Medical Library and Museum, and to defraying their expenses.

BOOKS RECOMMENDED TO STUDENTS.

ANATOMY.—Gray, Wilson, Ellis, Dublin Dissector, Sharpey and Quain.
CHEMISTRY.—Fownes, Miller, Roscoe.

MATERIA MEDICA.—Pereira's Manual by Farre, Bentley and Warrington.

INSTITUTES OF MEDICINE.—*Physiology.*—Todd and Bowman's Physiological Anatomy.

Carpenter, Dalton or Dunglison's Principles of Human Physiology. Kirke and

Page's Manual.—*Pathology.*—Williams' Principles of Medicine, Chomel's General Pathology, Jones and Sieveking's or Gross' Pathological Anatomy.

SURGERY.—Holmes' Surgery, Miller's do, Gross' do, Erichsen's do, Drift's do.

PRACTICE OF MEDICINE.—Aitken, Wood, Watson, Barlow, and Flint,

MEDICAL JURISPRUDENCE.—Orfila Medicine Legal, Taylor's Jurisprudence, Guy's Forensic Medicine.

MIDWIFERY.—Churchill, Ramsbotham, Cazaux.

N.B.—Boarding may be obtained at from twelve to sixteen Dollars per month.
