

McGILL UNIVERSITY

MONTREAL.

ANNUAL ANNOUNCEMENT

OF THE

FACULTY OF MEDICINE.

45

SESSION OF 1877-8.

MONTREAL :

PRINTED FOR THE UNIVERSITY BY J. C. BECKET, 658 & 660 CRAIG ST.

1877.

McGill University Montreal.

The Forty-fifth Session of this University, being the Twenty-fifth under the amended charter, will commence in the Autumn of 1877.

By Virtue of the Royal Charter, granted in 1821 and amended in 1852, the Governors, Principal and Fellows of McGill College, constitute the Corporation of the University; and, under the statutes framed by the Board of Governors, with approval of the Visitor, have the power of granting Degrees in all the Arts and Faculties, in McGill College, and Colleges affiliated thereto.

The Statutes and Regulations of the University have been framed on the most liberal principles, with the view of affording to all classes of persons the greatest possible facilities for the attainment of mental culture and professional training. In its religious character the University is Protestant, but not denominational; and while all possible attention will be given to the character and conduct of students, no interference with their peculiar religious views will be sanctioned.

I. MCGILL COLLEGE.

THE FACULTY OF ARTS.—The complete course of study for the Degree of B. A. extends over four Sessions, of eight months each; and includes Classics and Mathematics, Experimental Physics, English Literature, Logic, Mental and Moral Science, Natural Science, and one Modern Language, or Hebrew; all of which subjects are imperative in the first two years of the Course; but in the third and fourth years options are allowed in favour of the Honour Courses in Classics, Mathematics, Mental and Moral Science, Natural Science and English Literature. Certain exemptions are also allowed to Professional Students.

THE DEPARTMENT OF APPLIED SCIENCE IN THE FACULTY OF ARTS provides professional instruction in Civil Engineering, Mining Engineering and Assaying, and Practical Chemistry, leading to the Degree of Bachelor of Applied Science.

THE FACULTY OF MEDICINE.—The complete course of study in Medicine extends over four Sessions, of six months each, and leads to the degree of M. D., C. M.

THE FACULTY OF LAW.—The complete course in Law extends over three Sessions, of six months each, and leads to the degrees of B.C.L. and D. C. L.

II. AFFILIATED COLLEGE.

Students of Affiliated Colleges are matriculated in the University, and may pursue their course of study wholly in the Affiliated College, or in part in McGill College, and may come up to the University Examinations on the same terms with the Students of McGill College.

MORRIN COLLEGE, Quebec.—Is affiliated in so far as regards degrees in Arts and Law.

[Detailed information may be obtained from Rev. John Cook, D. D., Principal.]

III. AFFILIATED THEOLOGICAL COLLEGES.

THE CONGREGATIONAL COLLEGE OF BRITISH NORTH AMERICA, Montreal.

THE PRESBYTERIAN COLLEGE OF MONTREAL, in connection with the Canada Presbyterian Church.

Affiliated Theological Colleges have the right of obtaining for their Students the advantage, in whole or in part, of the course of study in Arts, with such facilities in regard to exemptions as may be agreed on.

IV. AFFILIATED SCHOOLS.

THE MCGILL NORMAL SCHOOL provides the training requisite for Teachers of Elementary and Model Schools and Academies. Teachers trained in this School are entitled to Provincial Diplomas.

THE MODEL SCHOOLS OF THE MCGILL NORMAL SCHOOL are Elementary Schools, divided into a Boys' Department, Girls' Department and Primary Schools.

GOVERNING BODY OF THE UNIVERSITY.

VISITOR:—

HIS EXCELLENCY THE RIGHT HON. THE EARL OF DUFFERIN, VISCOUNT AND BARON CLANDEBOYE
Governor General of Canada, &c.

GOVERNORS:—

(Being the Members of the Royal Institution for the advancement of Learning.)

THE HON. CHARLES DEWEY DAY, LL.D., D.C.L., *President & Chancellor of the University.*
THE HON. JAS. FERRIER, SENIOR, M.L.C. CHARLES J. BAYDGES, Esq.
ANDREW ROBERTSON, M.A., Q. C. THE HON. SIR ALEXANDER T. GALT,
THE HON. CHRISTOPHER DUNKIN, M.A. K. C. M. G.
D. C. L. THE HON. SIR FRANCIS HINCKS, K. C.,
PETER REDPATH, Esq. M. G., C. B.
GEORGE MOFFATT, M.A. THE HON. LUTHER H. HOLTON, M. P.
JOHN H. R. MOLSON, Esq. JOHN MOLSON, Esq.
THE HON. W. FREDERICK TORRANCE, M.A., B.C.L. JOSEPH HICKSON, Esq.

PRINCIPAL:—

JOHN WILLIAM DAWSON, M.A., LL.D., F.R.S., *Vice-Chancellor.*

FELLOWS:—

VEN. ARCHDEACON LEACH, D.C.L., LL.D., *Vice-Principal and Dean of the Faculty of Arts.*
HENRY ASPIRWALL HOWE, LL.D.
THE HON. J. J. C. ABBOTT, D.C.L., Q. C., *Dean of the Faculty of Law.*
GEORGE W. CAMPBELL, M.A., M.D., LL.D., *Dean of the Faculty of Medicine.*
REV. JOHN COOK, D.D., *Principal of McVrin College, Quebec.*
ALEXANDER JOHNSON, M. A., LL. D., *Professor of Mathematics and Natural Philosophy,*
Vice-Dean of the Faculty of Arts.
REV. GEORGE CORNISH, M.A., LL.D., *Professor of Classical Literature.*
REV. HENRY WILKES, M.A., D.D., LL. D., *Principal and Professor of Theology in the Congre-*
gational College of British North America.
REV. D. H. MACVICAR, LL.D., *Principal and Professor of Theology in the Presbyterian College*
of Montreal.
R. A. RAMSAY, M.A., B.C.L., *Representative Fellow in Arts.*
JOHN REDDY, M. D., *Representative Fellow in Medicine.*
WILLIAM H. HICNS, Esq., *Principal of McGill Normal School.*
REV. JOHN JENKINS, D. D., *Chairman of the Protestant Board of School Commissioners for the*
City of Montreal.
J. J. MCLAREN, M.A., B.C.L., *Representative Fellow in Law.*
EDWARD HOLTON, B.C.L., *Representative Fellow in Law.*
JOHN R. DOUGALL, M.A., *Representative Fellow in Arts.*
WILLIAM H. KERR, Q. C., D.C.L., *Acting Dean of the Faculty of Law.*
REV. J. CLARKE MURRAY, LL.D., *Professor of Logic.*
J. S. C. WORTLE, B.C.L., *Associate Professor of Commercial Law.*
GEORGE E. FENWICK, M.D., *Professor of Surgery.*
W. H. KINGSTON, M.D., *Representative Fellow in Medicine.*

[The Governors, Principal and Fellows, constitute, under the Charter, the Corporation of the University.]

SECRETARY, REGISTRAR AND BURSAR:—

[And Secretary of the Royal Institution.]

WILLIAM CRAIG RAYNES, B. A., *Residence and Office, East Wing McGill College.*
Office hours, 10 to 2.
JAMES W. BRAKENRIDGE, Clerk, *Residence 13 Burnside Place.*

Faculty of Medicine.

GEORGE W. CAMPBELL, A. M., M. D., LL. D.
Emeritus Professor of Surgery, and Dean of the Faculty, 707 Sherbrooke Street

WILLIAM E. SCOTT, M. D.,
Professor of Anatomy. 34 Beaver Hall Terrace.

WILLIAM WRIGHT, M. D.,
Professor of Materia Medica and Pharmacy. 84 St Famille St.

ROBERT P. HOWARD, M. D.,
Professor of the Theory and Practice of Medicine. 47 Union Avenue.

DUNCAN C. MCCALLUM, M. D.,
Professor of Midwifery, and Diseases of Women and Children.
45 Union Avenue.

J. W. DAWSON, LL. D., F. R. S., &c.,
Professor of Natural History. East Wing McGill College.

ROBERT CRAIK, M. D.,
Professor of Chemistry, Treasurer of the Faculty. 2 Cathcart
Street, facing Phillips Square.

G. E. FENWICK, M. D.,
Professor of the Principles and Practice of Surgery. 24 Beaver Hall Terrace.

JOSEPH MORLEY DRAKE, M. D.,
Emeritus Professor. 35 Beaver Hall.

G. P. GIRDWOOD, M. D.,
Professor of Practical Chemistry. 28 Beaver Hall Terrace.

GEORGE ROSS, M. A., M. D.,
Professor of Clinical Medicine. 49 Union Avenue.

WILLIAM OSLER, M. D.,
Professor of Institutes of Medicine and Registrar of the Faculty.
135 1/2 St Catherine St.

T. G. RODDICK, M. D.,
Professor of Clinical Surgery. 557 Dorchester Street.

ROBERT T. GODFREY, M. D.,
Professor of Hygiene and Public Health, 906 St. Catherine St.

WILLIAM GARDNER, M. D.,
Professor of Medical Jurisprudence. 525 St. Joseph Street

FRANCIS J. SHEPHERD, M. D.,
Demonstrator of Anatomy. 39 Beaver Hall

RICH. L. MACDONNELL, B. A.; M. D.,
Assistant Demonstrator.

Lectures in Medicine.--Session 1877-78.

—o—

The Principal, (ex-officio.)

Professors :—CAMPBELL,
SCOTT,
WRIGHT,
HOWARD,
MCCALLUM,
CRAIK,
FENWICK,

Professors :—DRAKE,
GIRDWOOD,
ROSS,
OSLER,
RODDICK,
GODFREY,
GARDNER.

Dean of the Faculty.—G. W. CAMPBELL, A.M., M.D., LL.D.

Registrar.—W. OSLER, M.D.

Demonstrator.—FRANCIS J. SHEPHERD, M.D.

Assistant Demonstrator.—RICH. L. MACDONNELL, B. A., M.D.

Curator of Museum.—

The forty-fifth Session of the Medical Faculty of McGill University will be opened on Monday October, 1st 1877, with a general Introductory Lecture at 11 a.m. The regular lectures will commence on Tuesday the 2nd Oct., at the hours specified in the time-table, and will be continued during the six months following.

It affords the Faculty much pleasure to be able to announce that the beautiful and commodious new building erected by the Governors of the University for the use of the Medical Faculty, has been completed and is now occupied by the Faculty.

The class tickets for the various courses are accepted as qualifying candidates for examination before the Universities and Colleges of Great Britain and Ireland, the Medical Boards of the Army and Navy, and the College of Physicians and Surgeons of Ontario.

To meet the circumstances of the General Practitioners in British North America, where there is no division of the profession into Physicians and Surgeons exclusively, the degree awarded upon

graduation is that of "Doctor of Medicine and Master of Surgery," in accordance with the general nature and character of the curriculum, as fully specified hereafter. The degree is received by the College of Physicians and Surgeons of the Province of Quebec.

To intending students desirous of information upon the best manner of pursuing their studies, the following suggestions are made by the Faculty.

The student is advised to pass the Matriculation Examination in March, so that his four years of pupilage may expire at the close of a winter session. A certificate of having passed such examination before the examiners appointed by the Colleges of Physicians and Surgeons of Ontario and Quebec, will be accepted by this University.

N. B. The Medical Council of Ontario now requires all students from that Province to pass their Matriculation Examination in Ontario before Pursuing their studies elsewhere.

While the University regulations permit a student to graduate after three years' attendance upon lectures, provided he furnish proof that he has studied one year in addition with a private practitioner, yet he is recommended to devote four sessions to systematic instruction, as less time is scarcely sufficient for acquiring a fair knowledge of the many subjects which compose the curriculum.

As daily bed-side instruction is essential to the student of medicine, the undergraduate is earnestly advised to spend at least the last two summers in availing himself of the opportunities afforded by the large hospitals—general and lying-in—of our city; in which, moreover, dresserships should be obtained.

Enregistration is necessary every Session. It is required upon entrance, or as soon afterwards as possible, and always before any class tickets are procured. The time fixed for closing the Register is annually on the 30th of November.

Class tickets are payable in advance, and if not taken out during the current session will not be granted after its expiration.

A Medical Session or *annus medicus*, consists of enregistration and attendance upon at least two six months' courses or one six months' and two three months' courses.

RECENT REGULATIONS.

Attention is here directed to certain changes in the Medical Curriculum of the University, also to the matriculation requirements of the new Quebec Medical Act.

- (1.) A practical examination in Anatomy will form part of the Primary Examination.
- (2.) Medical and Surgical Anatomy will form part of the practical examination by the Clinical Professors.
- (3.) The attendance upon the lectures on Hygiene is compulsory.
- (4.) Students may present themselves for examination in *Materia Medica* at the end of the second year.
- (5.) The section in clause 9 of the Qualifications for the Degree in Medicine relating to the Thesis or Inaugural Dissertation is cancelled.
- (6.) Eighteen months' Hospital attendance is required instead of twelve.
- (7.) A certificate of having compounded Medicines for six months' is necessary to qualify for Degree.

It is important that every Student belonging to the Province of Quebec should know that a new Medical Act, 40 Vic., 29 chap., was passed at the last meeting of the Legislature of this Province the VIII section of which is as follows :—

“ From and after the passing of this act, no person shall be admitted as a student of medicine, surgery or midwifery, unless he shall have obtained a certificate of qualification from the Provincial Medical Board, and no one shall be entitled to the licence of the college on presentation of a Diploma unless he has been previously admitted to the study of medicine in accordance with the provisions of this act, or unless he has passed an equivalent preliminary examination before an authorized College or Licensing Board in Her Majesty's Dominions, acceptable to the Board created by this Act.”

The Matriculation Examination is conducted by Examiners appointed by the “ Provincial Medical Board,” and the examinations are held twice a year, viz.,—upon Wednesday of the week after Easter at Montreal, and again upon the last Wednesday but one of the month of September at Quebec.

The requirements of the standard for the Matriculation are English and French, Latin, geography, history, arithmetic, algebra, geometry, *belle-lettres*, and any one of the following subjects, Greek, natural and moral philosophy.

The fee for the Matriculation Examination is \$10, one half of which will be returned to unsuccessful candidates.

The Matriculation Examination of the College of Physicians and Surgeons of Ontario is accepted from Students belonging to that Province.

Of the four years study *after* having passed the Matriculation Examination required by the new Medical Act, three six months' sessions, at least, must be attended at a University, College, or Incorporated School of Medicine recognized by the “ Provincial Medical Board,” and the first session must be attended during the year immediately succeeding the Matriculation Examination.

COURSES OF LECTURES.

1. ANATOMY.—[Prof. Scott.] The importance of Anatomy, both descriptive and in its relations to Medicine and Surgery, is duly considered by the Professor, who employs chiefly the fresh subject in the illustration of the lectures, aided, however, by dried preparations, wax models, plaster casts of dissections, plates, &c., the full size of life.

The Dissecting Room, which is open from 8 a.m. to 10 p.m.—is large, well ventilated and supplied with every convenience, such as gas, water, &c., &c. It is under the direct supervision of the Professor of Anatomy aided by the Demonstrators. The Demonstrators are constantly in attendance during certain hours every day, to direct and instruct students in Practical Anatomy, and the Professor also daily visits the Room to superintend and examine Students engaged in dissection. Abundance of fresh material for dissection will be provided.

2. CHEMISTRY.*—[Prof. Craik.]—Inorganic Chemistry is fully treated: and a large portion of the course is devoted to Organic Chemistry and its relations to Physiology. The branches of Physics bearing upon or connected with Chemistry also engage the attention of the class. For experimental illustration, abundant apparatus is possessed by the Professor, among which may be enumerated, a powerful Air Pump—Oxy-Hydrogen Microscope—Polariscope—extensive series of Models of Crystals, Electrical and Galvanic apparatus, Steam engine, &c., &c.,

3. MATERIA MEDICA.*—[Prof. Wright]—This course is illustrated from a cabinet of Pharmacological objects; by plates of Medicinal Plants [Wagner, Roque, Stevenson and Churchill]; by dried specimens; by carefully prepared Microscopical objects, &c., &c. Analytical experiments with the ordinary re-agents are also shown and diagrams with other illustrations are used.

4. INSTITUTES OF MEDICINE.—[Prof. Osler]—This course comprises Histology, Physiology, and General Pathology. The lectures are illustrated by apparatus, diagrams, plates, and Microscopic preparations of the various tissues, and by Pathological specimens from the Museum. Extra demonstrations are held every Saturday afternoon. Voluntary Courses of three months each on Practical Physiology and Microscopy are organized throughout the entire year.

* Students are permitted, if desirous, to be examined upon Materia Medica and Chemistry at the end of their second medical year, after having attended two six months' courses.

5. PRACTICE OF MEDICINE.—[Prof. Howard.]—The extensive series of plates contained in the Library, (Lebert, Cruveilhier, Carsiwell, Hope, Alibert, Willan, Bateman, &c.,) will be employed; also Morbid preparations and models of diseased parts.

6. CLINICAL MEDICINE.—[Prof. Ross.]—Taught by lectures and at the bed-side—Physical Diagnosis is taught practically, and each pupil required to take part in it. Examination of the Urine, chemical and microscopical, explained and illustrated. Special attention will be given to Medical Anatomy and Students will be examined thereon.

7. SURGERY.—[Prof. Fenwick,]—Divided into principles and Practice, including Surgical Anatomy and Operative Surgery, exhibited on the subject. The various surgical instruments and apparatus exhibited, and their uses and applications explained and practically illustrated.

8. CLINICAL SURGERY.—[Prof. Roddick,]—The lectures in this course are in illustration of Surgical cases under observation in the Wards of the General Hospital, Bed-side instruction is followed up daily, and all operations are performed in the presence of the class. The lectures are illustrated by cases under surgical treatment, by plates, surgical apparatus, morbid specimens, models and the use of the microscope. Practical instruction is given in Surgical Anatomy and Operative Surgery.

9. MIDWIFERY.—[Prof. McCallum,]—Including diseases of women and children; illustrated by a series of drawings on a large scale, by humid preparations, by models in wax, by the use of the artificial Pelvis, and by cases in the wards of the Lying-in Hospital.

10. MEDICAL JURISPRUDENCE.—[Prof. Gardner,]—Includes sanity and Toxicology. The modes of testing for poisons are exhibited, and post-mortem appearances illustrated by plates.

11. HYGIENE AND PUBLIC HEALTH.—[Prof. Godfrey,]—A three months course of lectures will be delivered on this subject the attendance upon which is now compulsory.

12. BOTANY AND ZOOLOGY.—[Prof. Dawson,]—The course in Botany is illustrated by specimens, diagrams, models, and the microscope. Students have access without any additional fee to the lectures in Zoology in the Faculty of Arts, and to the Natural History Museum of the University and the Museum of the Natural History Society of Montreal.

Prizes will be awarded at the end of each Session, to Students in Botany of the class of the previous Session, for the best *Named Collections* illustrative of the Flora of Canada. The collections, or duplicates of them, to remain in the College Museum.

13. PRACTICAL CHEMISTRY.—[Prof. Girdwood.]—Thorough instruction is given in the different departments of Practical Chemistry in the splendid new Laboratory of the Faculty, under the personal supervision of the Professor. The course includes blowpipe manipulations, qualitative and quantitative analysis, toxicological investigations, &c., &c. This class may be taken in the Summer Session.

SUMMER SESSION.

In order that the unusual advantages afforded by the Hospitals and other Institutions of the city, for the practical study of different branches of the Profession may be rendered as fully available to Students as possible, a three months Summer Session has been established.

The Summer Session does not form a necessary part of the curriculum, but has been established to allow the student facilities for acquiring practical knowledge of disease, when his time is not otherwise occupied in attendance upon lectures.

Further particulars of the Summer Session will be found at the end of this announcement.

LIBRARY AND MUSEUM.

The Library contains upwards of 4,000 volumes, including the most useful books of reference, as well as the most elementary; the works of the older authors as well as the most recent. It is open to Students without charge, under necessary regulations for the care of the books. The Museum contains a large number of preparations, chiefly Pathological; also wax and papier-mache models.

MCGILL MEDICAL SOCIETY.

This Society, composed of enregistered Students of the Faculty, meets once a week during the Summer Session and fortnightly during the winter, for the reading of papers and the discussion of medical subjects. It is presided over by a physician chosen by the members.

HOSPITALS.

The Montreal General Hospital affords ample means for the instruction of Students in Clinical Medicine and Surgery. The daily number of beds occupied by patients averages from 130 to 140, and during epidemic visitations has reached a much higher number. The Governors have also erected an Hospital for Children, contiguous to the Reid Wing of the present building. The students have thus an opportunity of becoming familiar with nearly all the diseases of suffering humanity, and with the peculiarities imparted to them by infancy, adolescence, maturity and declining age.

The large number of out-door patients that are treated in the Hospital, averaging from sixty to seventy daily—supply illustrations of most of the diseases of infants and children, of very many of the eye and skin, and of those chronic and ill-defined ailments, which, as they do not require admission to the wards of an hospital, would not otherwise come under the observation of the student, although, on account of their variety and frequency, of great importance to the Physician.

The shipping contributes a great many examples of accidents, and surgical cases.

Dr. Buller, late of the Royal Ophthalmic Hospital, London, Eng., has been appointed Ophthalmic and Aural Surgeon to the Hospital, giving to students an opportunity of becoming familiar with all classes of diseases of the Eye and Ear, and with the latest and most approved methods of treatment for their alleviation and cure.

The fee for a six months' ticket is Eight Dollars; for a perpetual ticket Twenty Dollars if paid in advance. Twenty-four Dollars if not paid in advance.

The Operating Room (used also for a lecture room) is so constructed as to suit the convenience of the students in obtaining a good view of the operations.

The University Lying in Hospital is under the direction of the Professor of Midwifery. Students who have already attended one course of his lectures, are furnished with cases in rotation; and they are advised to attend this Institution as much as possible during the Summer, when, as there are as many patients and not so many pupils

as in winter, a large proportion of cases falls to the share of each. Moreover, in this way more attention can be given to their duties during the winter. The fee for a six months' ticket is Five Dollars.

By the kindness of the authorities of the Grand Trunk and other Railways, arrangements have been made by which certified students of this University will be granted return tickets from Montreal to any part of their lines at greatly reduced rates; the said tickets to hold good from the close of one session to the beginning of the next. Return tickets will also be granted for the Christmas vacation.

PAST SESSION.

The total number of students enregistered in this Faculty during the past session was 143, of whom there were from,

Ontario,	78	New Brunswick,	3
Quebec,	43	P. E. Island,	5
Nova Scotia,	1	West Indies,	2
		United States,	11.

The following gentlemen, 27 in number, have passed their Primary Examinations on the following subjects: Anatomy, Chemistry, Materia Medica and Pharmacy, Institutes of Medicine and Botany and Zoology. Their names, and residences are as follows:

NAME.	RESIDENCE.
Beckstead, Morris	Grantly, O.
Bell, Robert	Montreal, Q.
Cameron, John D.	Glengarry, O.
Chisholm, Alexander	Lochiel, O.
Fraser, John R.	Hawkesbury, O.
Gardner, Henry H.	Orillia, O.
Gibson, Wm. B.	Denham, Q.
Greenwood, Fred. S.	St. Catharines, O.
Guerin, James F.	Montreal, Q.
Hutchinson, John A.	Bluevale, O.
Howey, Wm. H.	Delhi, O.
Irwin, John L.	Ottawa, O.
McCann, John J. E. A.	Woburn, Mass.
McCrimmon, John	Woodville, O.
McKinley, John K.	Perth, O.
McNeill, Ernest	Montague, P. E. I.
Mills, Thos. W. M. A.	Hamilton, O.
Neilson, Wm. J.	Perth, O.

Pinoneault, Bernard.....	Montreal, Q.
Riley, Oscar H.	Franklin, Vt
Rutherford, Martin C.....	Waddington, N. Y.
Setree, Edward W.....	Prescott, O.
Smith, Daniel F.....	Listowel, O.
Stafford, Fred. J.....	Montreal, Q.
Vineberg, Hiram N.....	Montreal, Q.
Webster, Arthur D.....	Kentville, N.S.
Wright, John W. B.A.....	Cressy, O.

The following gentlemen, 19 in number, have fulfilled all the requirements to entitle them to the degree of M.D., C.M., from this University. These exercises consist in examinations both written and oral on the following subjects: Principles and Practice of Surgery, Theory and Practice of Medicine, Obstetrics and Diseases of Women and Children, Medical Jurisprudence and Hygiene,—and also Clinical Examinations in Medicine and Surgery conducted at the bedside in the Hospital:—

NAME.	RESIDENCE.	THESIS.
✓ Armstrong, George E.....	Montreal, Q.....	Hospital Reports.
✓ Bell, James.....	North Gower, O.....	Pathological Reports.
Boyle, Albert.....	Charlottetown, P.E.I.....	Surgical Reports.
Brodie, John.....	North Georgetown, Q.....	Hospital Reports.
Burland, Samuel C.....	Philadelphia, U.S.A.....	Acute Bronchitis.

Lane, John A.....	Prescott, O.....	Surgical Cases.
Law, William K.....	Richibucto, N.B.....	Typhoid Fever.
✓ Miner, Frank L.....	Abercorn, O.....	Placenta Prævia.
Oakley, William D.....	Plattsville, O.....	Urinary Deposits.
Park, George A.....	St. Marthé, Q.....	Sanitary Science.
Smellie, Thos. S.T., M.A.	Fergus, O.....	Pathological Reports.

Of the above named gentlemen, Messrs. Cotton and Fraser, are under age. They have, however, passed all the examinations and fulfilled all the requirements necessary for graduation, and only await their majority to receive their degree.

A member of last year's graduating class, Mr. R. W. Powell, Gold Medallist of his year, but who was not of age at the date of last year's Convocation, presents himself this year for his degree.

The following gentlemen have passed in Anatomy, Materia Medica and Chemistry :—

NAME.	RESIDENCE.
Kirk, George W.	Cornwall, O.
MacDonald, Malcolm C.	Glencoe, C.
McCrimmon, Milton.	Ancaster, O.

The following have passed in Theoretical Chemistry :—

Bell, W. D. M.	Kidd, J. A.	Prendergast, W. A.
Brown, J. L.	Lawford, J. B.	Scott, J. G.
Carman, J. B.	Lloyd, H. W.	Seymour, M. M.

MEDAL AND PRIZES.

The Medical Faculty Prizes are three in number :

1st. The Holmes Gold Medal, awarded to the student of the graduating class who receives the highest aggregate number of

marks for the best examinations, written and oral, in both Primary and Final branches.

2nd. A prize in books awarded for the best examination, written and oral, in the final branches. The gold medallist is not permitted to compete for this prize.

3rd. A prize in books awarded for the best examination, written and oral, in the primary branches.

The Holmes Gold Medal was awarded to James Bell, North Gore, O.

The prize for the Final Examination was awarded to William Donald Oakley, Plattsville, O.

The prize for the Primary Examination was awarded to Hiram N. Vineberg, Montreal, Q.

The following gentlemen arranged in the order of merit, deserve honourable mention :—In the Final examination, Messrs. Cotton, Armstrong, Fraser, Gillis and Brodie.

In the Primary Examination, Messrs. Neilson, Gibson, Mills, Smith and Greenwood.

PROFESSORS' PRIZES.

BOTANY, - - - - - Dibblee and Migneault.

PRACTICAL ANATOMY.—Demonstrator's Prize in the Senior Class, awarded to John Andrew MacDonald and Thomas W. Mills, M.A., equal.

Those deserving honourable mention for care and assiduity, Messrs. Brown, Hart, Lawford, McCrimmon, equal, and Stevenson and Webster.

Junior Class prize awarded to Thomas Gray. Honourable mention, Messrs. McArthur, Gurd, Inksetter, Small and Groves.

EXTRACTS FROM THE REGULATIONS.

§ 1. *Courses of Lectures, Fees, &c.*

1st. Each Professor shall deliver at least five Lectures during the week except in the classes of Clinical Medicine and Clinical Surgery, in which only two Lectures shall be required; and in that of Medical Jurisprudence, if extended through six months, in which case three Lectures a week will suffice.

2nd. Each Lecture shall be of one hour's duration.

3rd. Every Professor shall occasionally examine his class upon the subjects treated of in his preceding Lectures, and every such examination shall be considered a Lecture.

4th. A roll of the names of the Students attending each class shall be called from time to time.

5th. All tickets which have not a certificate of attendance attached, shall be rejected when presented as testimonials previous to examination, unless the omission shall be satisfactorily accounted for.

6th. The Fee for each class shall be \$12, with the following exceptions; for that of Medical Jurisprudence, \$10; for Botany and Zoology, \$5; Practical Anatomy, \$6. The class-fees are payable in advance.

7th. Any Student, after having paid the Fees, and attended two courses of any class, unless it be a practical one, shall be entitled to a perpetual ticket for that class.

8th. The courses of all classes shall be of six months' duration, except in the case of Botany, Practical Chemistry and Hygiene, which shall be three months' courses.

9th. The courses shall commence on the first week of October, and with the exception of a vacation at Christmas, shall continue to the end of March.

10th. The Matriculation Examination shall be that recommended by the Council for Medical Education and Registration of Great Britain. Examinations in conformity therewith, will be held the first Saturday in October and the last Saturday in March of each year. Applications may be made to the Registrar of the Faculty till the evening of the previous day. The requirements of the standard for Matriculation are:—"Compulsory—English Language, including grammar and composition; Arithmetic, including vulgar and decimal fractions; Algebra, including simple equations; Geometry, first two books of Euclid; Latin translation and grammar;—and one of the following optional subjects:—Greek; French; German; Natural Philosophy, including mechanics, hydrostatics, and pneumatics."

Graduates in Arts of recognized Universities are not required to submit to the Matriculation Examination, and a certificate of having passed this Examination before the College of Physicians and Surgeons of Ontario or of Quebec will be accepted by this University.

§ 2. *Qualifications and Studies of Students and Candidates for the Medical Degree.*

1st. All Students desirous of attending the Medical Lectures, shall at the commencement of each Session, enrol their names and residences in the Register of the Medical Faculty, and procure from the Registrar a ticket of Enregistration, for which each Student shall pay a fee of \$4; excepting in the Clinical Classes, in which enregistration for students of other Schools shall not be compulsory.

2nd. The said Register shall be closed on the last day of November, in each year, and no tickets obtained from any of the Professors shall be received without previous enregistration.

3rd. No one shall be admitted to the Degree of Doctor of Medicine and Master of Surgery, who shall not either:—1st, have attended Lectures for a period of at least four six months' sessions in this University, or some other University, College, or School of Medicine, approved of by this University; or

zudly, have studied medicine during at least four years, and during that time have attended Lectures for a period of at least three six months' Sessions, either in this University, or some other University, College, or School of Medicine, approved of by this University.

4th. Candidates for the final Examination shall furnish Testimonials of attendance on the following branches of Medical Education, viz :—

<p><i>Anatomy.</i> <i>Chemistry.</i> <i>Materia Medica and Pharmacy.</i> <i>Institutes of Medicine.</i> <i>Principles and Practice of Surgery.</i> <i>Midwifery and Diseases of Women and Children.</i> <i>Theory and Practice of Medicine.</i> <i>Practical Anatomy.</i> <i>Clinical Medicine.</i> <i>Clinical Surgery.</i></p>	}	<p><i>Of which two Courses will be required, of six months' duration.</i></p>
---	---	---

Medical Jurisprudence.

}	<p><i>Of which one Course of six months' or two Courses of three months' will be required.</i></p>
---	--

Practical Chemistry.
Botany or Zoology.
Hygiene.

}	<p><i>Of which one Course will be required, of three months' duration.</i></p>
---	--

And a Course of not less than twenty-five Demonstrations upon Microscopic Anatomy, Physiology and Pathology.

Provided, however, that Testimonials equivalent to, though not precisely the same as those above stated may be presented and accepted.

5th. The Candidate must give proof by ticket of having attended during eighteen months the practice of the Montreal General Hospital, or that of some other Hospital approved of by this University, and have compounded medicine for six months.

6th. He must also give proof by ticket of having attended for at least six months the practice of the University or other Lying-in-Hospital approved of by this University, and of having attended at least six cases of accouchement.

7th. No one shall be permitted to become a Candidate for examination who shall not have attended at least One Session of this University, and one full course of all the branches included in its curriculum.

8th. Courses of less length than the above will only be received for the time over which they have extended.

9th. Every Candidate for the Degree must on or before the Fifteenth of February present to the Dean of the Medical Faculty testimonials of his qualifications, entitling him to an examination, and must at the same time deliver to the Dean of the Faculty the following Certificate :—

MONTREAL, ———18—

I, the undersigned, being desirous of obtaining the Degree of Doctor of Medicine and Master of Surgery, do hereby declare that I have attained the age of twenty-one years, or (if the case be otherwise,) that I shall have attained the

age of twenty-one years before the next graduation day, and that I am not (or shall not be at that time) under articles as a pupil or apprentice to any Physician Surgeon, or Apothecary. [Signed,] A. B.

10th. The trials to be undergone by the candidate shall be:—

(1) A general examination on all the branches of Medical and Surgical Science, oral, and by written papers.

(2) The Clinical Professors shall conduct the examinations of members of their classes at the bed-side, submitting to them cases for diagnosis and treatment in the wards of the Hospital, and requiring them to perform Surgical operations on the cadaver; they shall also in estimating the standing of members of their classes, and the number of Marks to be awarded, take into account the regularity of their attendance and the diligence and care they evince in reporting cases.

These examinations will be divided into Primary and Final, the former comprehending Anatomy, Practical Anatomy, Chemistry, Materia Medica, Institutes of Medicine, and Botany or Zoology; the latter—Practice of Medicine, Surgery, Surgical Anatomy, Midwifery, Clinical Medicine, Clinical Surgery and Medical Jurisprudence. It will be optional with the Student to present himself for the Primary Examination at the end of the Third Session or the Third Year, for Botany at the end of the First Year, and for Chemistry and Materia Medica at the end of the Second Year.

11th. The following Oath or affirmation, will be exacted from the Candidate before receiving his degree.

SPONSIO ACADEMICA.

In Facultate Medicinæ Universitatis.

Ego, A——B——, Doctoratus in Arte Medica titulo jam donandus, Sancto coram Deo cordium scrutatore, spondeo; —me in omnibus grati animi officiis, ergo hanc Universitatem ad extremum vitæ halitum, perseveraturum, tum porro, artem medicam, caute, caste et probe exercitaturum; et quoad in me est, omnia ad agrorum corporum salutem conducentia, cum fide procuraturum; quæ denique, inter medendum, visa vel audita silere conveniat, non sine gravi causa vulgaturum. Ita præsens mihi spondenti adsit Numen.

12th. The Fee for the Degree of Doctor of Medicine and Master of Surgery shall be twenty dollars, to be paid by the successful candidate immediately after examination, together with a Registration Fee of one dollar.

13th. The money arising from the Fees of Graduation, as well as those of Enregistration, shall be applied to the enlargement of the Medical Library and Museum, and to defraying their expenses.

BOOKS RECOMMENDED TO STUDENTS.

ANATOMY.—Gray, Wilson, Ellis, Dublin Dissector, Sharpey and Quain.

CHEMISTRY.—Fownes, Miller, Roscoe.

PRACTICAL CHEMISTRY.—Odling, Galloway, Fresenius.

MATERIA MEDICA.—Pereira's Manual by Farre, Bentley and Warrington.

INSTITUTES OF MEDICINE.—*Physiology*.—Kirke's Hand-Book, Dalton, Carpenter, Huxley, Foster. *Pathology*.—Green, Rindfleisch, Jones & Sieveking, (by Payne) Wilkes & Moxon, Virchow on Post-Mortems.

PRACTICAL HISTOLOGY.—Rutherford, Schäfer.

SURGERY.—Holmes' Surgery, Miller's do, Erichsen's do, Druitt's do.

PRACTICE OF MEDICINE.—Aitken, Wood, Watson, Roberts, DaCosta Flint.

MEDICAL JURISPRUDENCE.—Orfila, *Medicine Legal*; Taylor's: *Jurisprudence*, Guy's *Forensic Medicine*.

MIDWIFERY.—Churchill, Ramsbotham, Cazeaux, Leishman, Playfair.

HYGIENE.—Parks, Hammond, Wilson.

N.B.—Boarding may be obtained at from twelve to sixteen Dollars per month.

SUMMER SESSION, 1877.

The Medical Faculty of McGill University established last year the first regular Summer Session, in which practical and demonstrative courses and systematic clinical instruction were given.

Forty Students availed themselves of the advantages offered, and the diligence with which the classes were followed showed how much such practical teaching is appreciated.

The Faculty feels that the time is come when the intermittent system, at present in vogue, of six months work and six months vacation, so prejudicial to the steady and continuous progress of the student, should be abandoned, and that at least nine months of each year should be spent in regular organized study. It is with this view that the Summer Session has been established, and the hope is here expressed that all students will endeavour to take one or two of these extra sessions, the fees for which have purposely been placed so low as to be almost nominal.

As is only natural, the advantages offered by the city of Montreal, for the practical study of Medicine and Surgery are unequalled in the Dominion. In the wards of the General Hospital there are always—and more particularly in the summer months when navigation is open—a large collection of interesting medical and surgical cases. In the out-door department there is a daily attendance of between 75 and 100 patients, which affords excellent instruction in minor surgery, routine medical practice, and diseases of children. The Eye and Ear Department, lately established, will afford to the student an opportunity of studying practically, under skilled direction, these important branches.

The attendance of the Medical Officers is systematic and punctual.

At the University Lying-in Hospital, obstetrical cases are furnished to the students in rotation.

The Faculty has much pleasure in announcing the following prospectus.

SUMMER SESSION. MAY 1ST, TO JULY 21ST, 1877.

CLINICAL INSTRUCTION AT BEDSIDE. — Montreal)	DRS. DRAKE and
General Hospital.....)	MACCALLUM.

A limited number of Dresserships and Clinical Clerkships may be obtained on application to the Attending and out-door Physicians.—DAILY, from 12 to 2

- | | |
|---|---|
| MINOR SURGERY.—Bandaging, application of splints, hæmostatics, catheterism, &c. Six demonstrations of Operative Surgery on the Cadaver..... | } G. E. FENWICK,
Prof. of Surgery. |
| WEDNESDAYS, 10 a. m. | |
| DISEASES OF WOMEN.—Method of examining patient ; use of speculum and uterine sound ; disorders of menstruation ; leucorrhœa, its causes and treatment ; tumors of the uterus, displacements of uterus, &c., &c.—MONDAYS, 11 a. m. | } D. C. MACCALLUM,
Prof. of
Midwifery and Dis-
eases of Women. |
| | |
| CLINICAL MEDICINE.—Lectures founded upon cases in the wards ; physical examination of heart and lungs with demonstrations ; the urine in disease.—TUESDAYS, 10 a. m. | } GEO. ROSS,
Prof. of
Clinical Medicine. |
| | |
| DISEASES OF CHILDREN.—Anatomical and Physiological peculiarities of infancy and childhood ; infantile hygienics ; modes of examination of sick children ; peculiarities of symptoms ; Therapeutics and dosage ; consideration of the more common and important diseases of childhood.—THURSDAYS, 10.30 a. m. | } WM. GARDNER,
Prof. of
Medical Juris-
prudence. |
| | |
| MEDICAL AND SURGICAL ANATOMY.—Demonstrations in Brain ; Sympathetic system ; thorax and abdomen ; hernia, inguinal and femoral ; triangles of the neck ; surface markings ; bladder ; urethra ; perineum ; larynx.—FRIDAYS, 10 a. m. | } F. SHEPHERD,
Demonstrator
of Anatomy. |
| | |
| OPHTHALMIC MEDICINE AND SURGERY.—Methods of Diagnosis (with Ophthalmological work) ; injuries of the eye, and their treatment ; common forms of diseases of the eye, with clinical demonstrations ; practical instruction in operations.—MONDAYS, 9 a. m. | } F. BULLER,
Lecturer on
Ophthalmology. |
| | |
| ELECTRO-THERAPEUTICS.—Varieties of electricity ; batteries ; animal electricity and electro-physiology ; electro-diagnosis ; modes of application ; the induced and constant current ; Medical diseases in which electricity is useful ; electrolysis and galvanic cautery.—SATURDAYS, 10.30 a. m. | } WM. GARDNER,
Prof. of
Medical Juris-
prudence. |
| | |
| PRACTICAL PATHOLOGY.—Consisting of twenty demonstrations in the Autopsy-room of the Hospital. Students will make the post-mortems in rotation, and receive instruction in the method of performing them, and keeping record of their observations.—BI-WEEKLY, 1. p. m. | } WM. OSLER,
Prof. of
Physiology and
Pathology. |
| | |

All students desirous of attending the above course will be expected to register their names with DR. CRAIK, (Registrar of the Faculty), on or before the 15th of May and pay a fee of \$10. The fees will be devoted to the extension and improvement of the Faculty's Library and Museum, to which all students can obtain access. Certificates of attendance in the various courses will be given.

The following courses will also be conducted during the Summer, and may be taken by enregistered students :

PRACTICAL CHEMISTRY.—Including blowpipe manipulation, qualitative analysis, toxicological investigations, &c. This course is the same as, and may be taken in lieu of, the Sessional Course during the Winter.— Fee, \$12.— MON, WED, and FRIDAYS, 3-5 p.m.

G. F. GIRDWOOD,
Prof. of
Practical Chemistry.

PRACTICAL HISTOLOGY.—Normal and pathological. A course of twenty-five Lessons. Microscopes, reagents, and material provided. Fee, \$20..... TUESDAYS, THURSDAYS, and SATURDAYS, 3-5 p.m. Extra hour for Laboratory Work, MONDAYS, WEDNESDAYS, and FRIDAYS, 5-6 p.m.

WM. OSLER,
Prof. of
Physiology and
Pathology.

[The following text is extremely faint and illegible, appearing to be a list of names and possibly dates or other details.]

Students of the University.

SESSION 1876-77.
